PART I

GENERAL

Proceedings of the Government of Mysore,

READ—

Correspondence ending with docket No. 892, of the 28th February 1902, from the Superintendent of the Government Press, submitting for sanction a proposition statement revising the existing Fixed Establishment of the Central Press, so as to effect a saving to Government.

No. 16191-2—Mis. 17-94, DATED BANGALORE, 2ND APRIL 1902.

ORDER THEREON.—The establishment of the Government Central Press at Bangalore, exclusive of the Piece Work and Pye establishments consists of 111 hands, and costs Government Rs. 2,220 per mensem. Five of this number have been already ordered to be retired and their appointments abolished as per orders noted on the margin. The Superintendent now proposes to do away with 20 more hands, and to reduce the number to 86. The establishment, as reduced, is to be divided into a permanent establishment consisting of 63 men and a temporary one of 23 men. Government approve of the proposals made, but direct that 10 out of the 23 men placed on the temporary establishment be transferred to the permanent establishment as shown in list C appended, and one from the latter to the former, so that the number on the permanent establishment will be 72, while that on the temporary establishment will be 14. Should the Superintendent hereafter find that the services of any of the men thus transferred to the permanent list are unnecessary, he will be requested to absorb their posts as vacancies occur.

No. 7636-7—Mis. F. 17-94, dated 19th November 1901.
No. 9679—Mis. 1501, dated 19th December 1901.

2. The abolition of the above 25 appointments will effect a saving of Rs. 387 per mensem, including the one rupee that is saved by reducing the pay of a carrier from Rs. 7 to Rs. 6 per mensem. The Superintendent solicits that out of the amount thus saved, a sum of Rs. 62 per mensem may be sanctioned for giving increases to certain deserving officials. Sanction is accorded for the payment of a sum of Rs. 27 for giving increases as shown below :—

		Rs.	
1.	Head Clerk and Head Accountant ..	10	by annual increments of Rs. 5.
2.	Head Proof Reader	10	by two equal annual increments.
3.	Deputy Accountant ..	5	
4.	Dafadar	2	
	Total ...	27	

3. Deducting the increase thus sanctioned from the total amount saved to Government, there will be a net saving of Rs. 360 per mensem. This result of the revision effected by the Superintendent is very satisfactory and reflects great credit on Mr. Hume Wright.

4. The establishment of the Central Press, both permanent and temporary, as now revised and sanctioned with certain altered designations of officials in some cases, will stand as exhibited in Statement A appended and will take effect from 1st April 1902. Statement B is a nominal list of the 14 officials who have been placed on the temporary establishment. Whether this temporary establishment has to be continued, will be decided on the receipt of a report concerning its work from the Superintendent at the end of one year. Meanwhile, vacancies in the permanent establishment should be filled up by drafting competent men from the temporary establishment.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent, Government Press.

The Comptroller to the Government of Mysore, with copy of this office docket No. 9679—Mis. 1501, dated 9th December 1901.

Report on the working of the Special Hospitals in Mysore for the year 1900.

No. 16481—MIS. 23-14, DATED BANGALORE, 7TH APRIL 1902.

REVIEW THEREON.—*Lunatic Asylum.*—The number of cases treated during the year was 1,389 against 1,296 in the previous year. There were 238 inmates at the beginning of the year and 55 were admitted during the year, making a total of 293. Of this number (293), 25 were discharged and 21 died, leaving 247 at the close of the year. The number of the criminal lunatics was 50, of whom 6 were fresh admissions. Two of them died and 1 was discharged and the remaining 47 continued to be kept on. The lunatics of the Civil and Military Station numbered 54 including 18 admissions during the year. Three were discharged and 5 died, 46 remaining at the close of the year.

2. The total cost of the Asylum amounted to Rs. 23,179-2-9 against Rs. 21,699-15-7 or Rs. 1,479-3-2 more than in the year previous. The average daily number of persons employed on remunerative labor, such as weaving cloth and cumblis, spinning, gardening, tailoring, etc., was 162 against 156 in the previous year, and the amount realised by the sale of clothing and vegetables was Rs. 1,142-6-9, resulting in a profit of Rs. 347-3-5 for the year.

3. *Leper Asylum.*—There were under treatment 37 lepers, including 22 new admissions, of whom 15 were discharged and 5 died, leaving 17 at the close of the year. The cost of the institution was Rs. 2,178-6-8 against Rs. 1,884-5-10 or Rs. 294-0-10 more than in the previous year.

4. *Maternity Hospital, Bangalore.*—The number of in-patients during the year was 512 of which no less than 420 were labor cases and 92 were other cases, against 354 and 60 for the previous year. Of the 512 admissions, 445 were discharged as cured, 27 persons died, 24 were relieved, 5 discharged otherwise and 11 remained at the end of the year. The number of major operations performed is shown as 108 in the statement printed on page 6 of the Report, while in the explanatory paragraph on the same page, it is shown as 107. This requires explanation. There were 13,770 out-door patients against 10,002 in the previous year. The cost of the institution was Rs. 8,047-6-3 against Rs. 7,896-14-11, showing an increase of Rs. 150-7-4.

5. *H. H. The Maharani's Female Hospital, Mysore.*—There were 718 in-patients during the year under report, being an increase of 133 over the previous year; of this number 348 were labor cases. The number of out-patients treated was 12,964

The Report on the working of Hospitals and Dispensaries in Mysore for the calendar year 1900.

No. 16482—MIS. 2313, DATED BANGALORE, 7TH APRIL 1902.

REVIEW THEREON.—There were 134 Hospitals and Dispensaries in the State on the 1st January 1901, including 4 new dispensaries opened during the year under review. The total number of patients treated both in-door and out-door, was 959,121, of whom 450,536 were men, 210,065 women and 298,520 children. Compared with the figures for the previous calendar year, the number of in-patients shows an increase of 639 and that of out-patients an increase of 191,955. Among the 7,792 in-patients treated, the deaths were 490 against 355 in the preceding year. Information regarding deaths among out-patients is reported to be not available.

2. The number of deaths in the Hospitals from small-pox was 2 out of 381 cases treated in the year against 1 out of 166 in the year previous.

3. During the year under review, cholera prevailed in all the Districts except Shimoga. 553 cases of cholera were treated in the Hospitals and Dispensaries, besides 379 cases treated by the Medical officers and subordinates throughout the State. Out of a total of 932 cases, 117 proved fatal.

4. The number of cases of fever treated during the year was 207,659 with 31 deaths against 172,370 with 12 deaths in 1889. Cases of eye diseases treated numbered 81,133 against 53,593 in the year previous.

5. Surgical operations performed during the year numbered 11,445 or 2,907 less than in the year previous.

6. The total expenditure incurred on the Hospitals and Dispensaries was Rs. 2,18,264 against Rs. 1,92,963. Contributions from Municipal and Local Funds amounted to Rs. 60,108. The percentage of total cost paid by Government was 77·31 against 76·42 in 1899.

7. Eighty-nine midwives or six more than in the year previous worked during the year under review. The number of cases attended to by them was 4,157, of which 45 proved fatal.

8. The calendar year 1900 was marked by the opening by His Excellency Lord Curzon, Viceroy and Governor General of India, of the Victoria Commemoration Hospital at the Bangalore City on the 8th of December 1900.

Correspondence ending with letter No. 922, dated 10th March 1902, from the Superintendent, Government Press, relating to the proposed abolition of the Branch Press at Mysore.

No. 16516-17—G. F. 135-92, DATED BANGALORE, 8TH APRIL 1902.

ORDER THEREON.—Government consider that it would be economical to centralize the Press work in view to ensuring promptitude, efficiency and cheapness, and to place the whole under the immediate supervision of the Superintendent of the Government Press who, as matters now stand, cannot exercise any control over the Mysore Branch Press. They accordingly direct that the machinery and the establishment belonging to the Branch be at once transferred to Bangalore.

2. One or two machines and some type and other materials will be left behind at Mysore for use during the Dasara festivities or on other important occasions when men will be sent down from Bangalore to attend to the printing work. Two men at Rs. 6 each per mensem will also be kept at Mysore to watch the building and the machinery remaining there.

3. The services of those of the establishment who have put in not more than five years' service will be dispensed with. The remaining hands will be transferred to Bangalore and absorbed as vacancies occur in the permanent establishment.

Letter No. 4472, dated the 4th March 1902, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, forwarding copy of Docket No. 2566 of the 20th February 1902, from the Surgeon in charge of the Victoria Hospital at Bangalore, and requesting that as therein suggested and to save officials the trouble of waiting for hours for their certificates, the Assistant or Sub-Assistant Surgeon attached to the Victoria Hospital be authorized to grant medical certificates under Articles 40, 293 (a) and 449 of the Mysore Service Regulations.

No. 16706—Mis. 2369, DATED BANGALORE, 12TH APRIL 1902.

ORDER THEREON.—Government direct that the words "Resident Medical Officer, Victoria Hospital," be substituted for the words "by the Civil Surgeon of Bangalore" occurring in Article 293 (a) of the Mysore Service Regulations. The Comptroller is requested to issue an amendment slip accordingly.

2. Articles 40 and 449 of the Mysore Service Regulations do not require any modification, the words a "Medical Officer in charge of a station" occurring in Article 40 having in Government Proceedings No. 2026-59—Ed. 55 of the 6th August 1897, been interpreted to include a "Medical Officer at the head quarters of a district, not inferior in rank to an Assistant Surgeon."

(1) Letter No. 3225, dated 14th December 1901, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, submitting a memo of rules relative to the examination of substances by the Chemical Examiner and Bacteriologist to the Government.

1. I have the honor to invite the attention of Government to the matter set forth in the accompanying letter No. 107, dated 17th August 1900, by the Chemical Examiner and Bacteriologist, Government of Mysore, as well as in his No. 136 of 25th August 1900.

2. It is clear from these letters that the Chemical Examiner has a good deal of useless work thrown on his hand, owing to the irresponsible way in which every one who thinks he has got something curious in his possession, packs it off to the Laboratory for investigation.

3. I therefore think the time has arrived when Government may lay down definite rules as to who shall send articles to the Laboratory for examination, and I have accordingly drawn up the following rules, more as suggestive memoranda or as something to form a basis on which to construct definite rules on these matters than as a final settlement of these matters. I venture to think, however, that, though brief, these proposed rules will be found sufficiently comprehensive, allowing great latitude to public officials, at the same time affording the Chemical Examiner protection from indiscriminate requisitioning by all sorts and conditions of men.

2. Correspondence ending with letter No. 4612, dated 15th March 1902, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

No. 16801-40—G. F. 28-96, DATED BANGALORE, 14TH APRIL 1902.

ORDER THEREON.—Government are pleased to approve of the Draft Rules submitted by the Senior Surgeon and Sanitary Commissioner in the matter of the examination of substances by the Chemical Examiner and Bacteriologist and to direct the publication of the rules in the *Mysore Gazette*.

Dated Bangalore, 14th April 1902.

NOTIFICATION.

The following Rules relative to the examination of substances by the Chemical Examiner and Bacteriologist to the Government of Mysore, are published for general information :—

Duties of the Chemical Examiner and Bacteriologist, Government of Mysore.

(i) The Chemical Examiner and Bacteriologist to Government shall examine, chemically or bacteriologically, or in both ways as may be requisitioned, all substances sent for medicolegal purposes by Magistrates, or Police officers not below the rank of Assistant Superintendent, or Medical officers on the receipt of an order from a Magistrate, or Police officer not below the rank of Assistant Superintendent of Police.

(ii) He shall also analyse, in such manner as may be required, articles of food and drink sent to him by Municipalities, Local Fund Boards, and by Heads of Departments. Should a Departmental officer who is not the head of the Department, require such articles examined for sanitary purposes, he shall obtain the sanction of the head of his Department before sending them to the Laboratory.

(iii) He is analyst to the Excise Department.

(iv) He is not required to analyse gratis samples of food and drink or any other articles tendered by private parties, not even articles tendered to Government Departments. If such analysis be at any time required, the parties tendering shall pay the Chemical Examiner the usual fee payable for private work.

(v) Pending the organization of a clinical laboratory, he shall make such bacteriological and pathological investigations as may be required by any Gazetted Medical officer holding an independent charge.

(vi) He is at liberty to make analyses and bacteriological examinations for private persons, charging fees according to the scale and on the conditions laid down by Government Proceedings No. 11665—Mis. F. 28-96 of 17th March 1898.

EDUCATION

Proceedings of the Government of Mysore,

READ—

(1) Report on Public Instruction in Mysore for 1900-01, submitted by the Inspector General of Education in Mysore, with his letter No. 6978—226, dated 13th February 1902.

(2) Report on the working of the Central College, Bangalore, for the same year.

No. 16267-8—ED. 341, DATED BANGALORE, 4TH APRIL 1902.

ORDER THEREON.—The year was one of uneventful progress. There was a small increase both in the number of schools and scholars.

2. The Inspector General has instituted some interesting comparisons by decades. In the decade ending with 1890-91, there was an increase of about 85 per cent both in the number of public schools and of scholars, while in the succeeding period of ten years, schools increased by 43 per cent and scholars by 30 per cent. The prevalence of the plague for some years past no doubt accounts partly for the slower rate in the second decade. Private institutions rose in number and importance during the first decade; but they decreased in both respects between 1890 and 1900.

3. Among the important events, the opening of the Central College Hostel and the institution of 50 scholarships for the backward classes in Vernacular Schools deserve to be specially noted.

4. The expenditure on education from all sources amounted to Rs. 10,98,170, being an increase of Rs. 56,088 over that of the previous year. The expenditure on Primary education was about a fifth and on College education for boys about a tenth, while special instruction consumed a twentieth of the total sum. The State Funds contributed 57, Local and Municipal Funds 27 and fees 8¼ per cent of the amount.

5. During the year the Inspector General visited 11 taluks and inspected altogether 58 institutions.

6. The results of collegiate education were on the whole the same as in the previous year so far as University Examinations are concerned, except in the matter of the Mathematics Branch of the B. A. Examination.

7. Of special institutions there were five training institutions (including the Training Department of the Maharani's College). There were 171 men and 6 women under training as teachers. The Mysore Normal School was the most important institution. There is room for improvement in the character of the work done in all these institutions.

8. The number of Technical Schools in the State is 7. The Government School in Mysore is the most important of them, and has provision to train up boys in—

Carpentry and wood-carving,	Blacksmiths and fitter's work,
Machinery,	Pottery and modelling,
Masonry,	Drawing (exclusively), and
Rattan work,	Weaving.

The further development of Industrial Education in the State is engaging the attention of Government.

9. The number of scholarships awarded to students carrying on professional studies outside the State was 73 and the amount disbursed, Rs. 21,546. The largest number was held by young men studying for Medicine in Madras; while some 8 of the scholars were at the Forest School, Dehra Dun.

10. The attendance of girls in schools seems to have been poor in many places chiefly on account of plague. The large schools in Bangalore City, for which expensive establishments are maintained, were in a specially unsatisfactory state and call for adoption of the necessary remedial measures. The success of the three pupils of the Maharani's College in the F. A. and Matriculation Examinations was the most noticeable event.

11. On other important points touched upon in the Inspector General's report and requiring the special orders of Government, his separate communications will be awaited.

12. The report under review has been condensed somewhat in accordance with the orders recently issued, and Government trust that it will be possible to curtail it further in future years.

Letter No. 8045—265, dated 17th March 1902, from the Inspector General of Education in Mysore, proposing a fresh set of rules for the Award of Mahomedan and Pallegar scholarships and requesting that they may be sanctioned at an early date, as the scholarships of the current year (1902) have to be awarded in accordance with them.

No. 16585-7—ED. F. 13-96, DATED BANGALORE, 11TH APRIL 1902.

ORDER THEREON.—The revised rules seem suitable and meet with the approval and sanction of Government. They will be appended to these proceedings. Wide publicity may also be given to them by the Inspector General of Education.

2. The annual amount sanctioned on account of these scholarships is as follows :—

Rs. 120×12=1,440 for Mahomedans.
Rs. 70×12= 840 for Pallegars.
Rs. 2,280

NEW RULES OF SCHOLARSHIPS FOR MAHOMEDANS.

1. To encourage the education of Mahomedans in Colleges and High Schools, Government are pleased to provide a monthly sum of Rs. 120, with effect from 1st January 1902, for the scholarships of such Mahomedan students as are unable without the help of scholarships to study for the Matriculation and higher University Examinations.

2. Applications for the scholarships should be made to the heads of Colleges and High Schools in which the applicants are students. The heads of Colleges and High Schools will recommend as many of the applicants as, in their opinion, are deserving, to the Inspector General of Education, early in each year.

3. The scholarships will be tenable only for a year and the lists of scholars will be revised by the Inspector General of Education at the beginning of each year.

4. In the distribution of scholarships preference will be given to those studying in the higher classes. When all the available scholarships are not utilised in Colleges and High Schools, some may be given in Anglo-Vernacular Classes IV and V as far as funds allow.

5. There will be two classes of Mahomedan scholarships, ordinary and special. The special Mahomedan scholarships shall be given only to sons of Mahomedan State pensioners and members of distinguished families deserving of special consideration.

6. The rates of *ordinary* scholarships shall be the following :—

	Monthly. Rs.
Senior and Junior B. A. Classes	7
Senior and Junior F. A. Classes	4
High School Forms	3

7. The rates of *special* scholarships shall be the following :—

	Monthly. Rs.
Senior and Junior B. A. Classes	7
Senior and Junior F. A. Classes	5
High School Forms	4

8. The decision of the Inspector General of Education regarding the award of the scholarships shall be final.

9. Students holding Mahomedan scholarships shall receive free education in Government institutions.

10. During the year of tenure the head of the institution in which a Mahomedan scholar is studying may withhold the whole or any portion of his scholarship for irregularity of attendance, want of diligence or bad conduct.

NEW RULES OF SCHOLARSHIPS FOR SONS OF PALLEGAR PENSIONARIES.

1. To encourage the younger members of the families of Pallegar pensionaries to receive a high education and qualify themselves for the public service, Government are pleased to sanction a monthly sum of Rs. 70, with effect from 1st January 1902, for their scholarships tenable in Colleges and High Schools.

2. Applications for the scholarships should be made in the appended form with a certificate from the Khazana Bukshi to the heads of Colleges and High Schools in which the applicants are students. The heads of Colleges and High Schools will forward the applications with their remarks on the conduct and progress of the applicants to the Inspector General of Education, early in each year.

3. The scholarships will be tenable only for a year and the lists of scholars will be revised by the Inspector General of Education at the beginning of each year.

4. In the distribution of scholarships preference will be given to those studying in the higher classes. When all the available scholarships are not utilised in Colleges and High Schools, some may be given in Anglo-Vernacular Classes IV and V as far as funds allow.

5. The rates of the Pallegar scholarships shall be the following :—

	Monthly. Rs.
Senior and Junior B. A. Classes	7
Senior and Junior F. A. Classes	5
High School Forms	4

6. The decision of the Inspector General regarding the award of the scholarships shall be final.

7. Students holding Pallegar scholarships shall receive free education in Government institutions.

8. During the year of tenure, the head of the institution in which a Pallegar scholar is studying may withhold the whole or any portion of his scholarship for irregularity of attendance, want of diligence or bad conduct.

Form of Application for Pallegar Scholarships.

Name of the Pallegar family in behalf of which the application is made.	
Relationship of the candidate for scholarship to the Pallegar pensionary.

(1) Letter No. 398, dated 12th March 1902, from the Principal of the Central College, Bangalore, submitting with certain observations, a programme of excursions to be undertaken by the Geological students of the College during the hot weather holidays of 1902; and

(2) Subsequent D. O. correspondence with the State Geologist and with the Acting Principal of the Central College.

No. 17061-4—ED. 357, DATED BANGALORE, 21ST APRIL 1902.

ORDER THEREON.—Government observe that these annual excursions have, in the past, been productive of beneficial results and that therefore the proposed continuance thereof is desirable. They agree with the Principal of the College and with the State Geologist that recurring excursions of this kind, the usefulness of which experience has clearly established, ought not to be subjected to the necessity of a special sanction year after year.

2. In no year should the expenditure to be incurred on this account on the Principal's own responsibility, exceed, without the special sanction of Government, the sufficiently liberal annual grant of Rs. 300, hereby sanctioned and placed at his disposal.

3. The programme for the year 1902, proposed by the Principal at the instance of the Lecturer, and slightly modified by the State Geologist in consultation also with the Lecturer and to which the Acting Principal has no objection, is approved.

4. The preparation of the programme will in future rest with the Lecturer and the approval of it with the Principal who, however, will be good enough to consult the State Geologist in case he has any doubts as to its propriety or details.

5. Government agree with Mr. Smeeth that the fewer the places selected and the more the time spent thereat the greater the value of the excursions. As observed by him, occasional visits to special points around Bangalore are calculated to enhance the value of the instruction imparted to the students in the College, and should be undertaken at the cost of the students themselves at the discretion of the Lecturer, whose attention should be particularly drawn to this important part of his duties.

No. 17500-1—ED. F. 36-96, DATED BANGALORE, 30TH APRIL 1902.

ORDER THEREON.—N. Byate Rao, Head Clerk, Government Central Book Depôt, Bangalore, whose retirement was ordered in Government Order No. 12461—Ed. 249, dated 28th January 1902, will, it is reported, be relieved of his duties at the end of the current month. The Inspector General takes advantage of this opportunity to propose a revision of the portion of the establishment of the Depôt maintained from the State Funds. The proposed revision after providing for slight increases of pay to a few deserving officials, results in a saving of Rs. 10 for the entertainment of an additional hand required, and it is accordingly sanctioned with effect from the 1st May next as recommended.

Letter No. 437, dated 8th November 1901, from the Inspector General of Registration in Mysore, submitting the Report on the working of the Registration Department in the State for the year 1900-01.

No. 16215—J. 1412, DATED BANGALORE, 3RD APRIL 1902.

ORDER THEREON.—No new Registration Offices were opened during the year under review.

2. The total number of documents registered was 64,681 as against 50,962 in the year 1899-00, being an increase of 26·9 per cent. The registration of documents optionally registerable shows a marked tendency to increase, the number of such registrations having risen from 19,869 to 25,683.

3. The gross receipts of the Department were Rs. 1,25,146-0-5, showing an increase of Rs. 13,812-14-0 over those of the previous year; and the total expenditure, Rs. 74,334-5-9 showing an increase of Rs. 3,442-11-1. The surplus remaining at the end of the year was Rs. 50,811-12-8 as against Rs. 40,441-9-9, in the previous year.

4. On the whole the working of the Department during the year under review has been satisfactory. All the Sub-Registry Offices except three were inspected by the District Registrars during the year and seven Offices by the Inspector General.

The explanation of the Hassan Sessions Judge, received with the Registrar's letter No. 4399—126, dated the 17th idem, for the high duration of the Sessions cases disposed of in his Court during the year 1900-01.

No. 16214—J. 1411, DATED BANGALORE, 3RD APRIL 1902.

ORDER THEREON.—Recorded.

2. There has been an increase in the number of most of the heinous offences under the Indian Penal Code, especially "false evidence" in the Bangalore, Kolar and Kadur Districts, "theft" in the Kolar, Mysore and Bangalore Districts and "dacoity" in the Kolar, Tumkur and Hassan Districts.

Para 2.

3. Government are glad to observe that the preventive jurisdiction vested in Magistrates was exercised in the case of 74 persons as against only 39 in the previous year.

Para 81.

4. The Judge agreed with the Jury in all the cases tried with their aid in the Chief Court and differed totally from the opinions of the Assessors only in five cases out of a total number of 28. In the other three Sessions Divisions, out of 83 cases tried with the aid of Assessors, the Judge agreed with them in 63 cases and differed wholly from them in 11 cases.

Paras 16 and 75.

5. The average duration of Sessions cases disposed of rose to 7·21 from 2·61 in the previous year, the reason assigned being the high duration of 14·2 days in the newly constituted Hassan Sessions Court. The Sessions Judge has explained that the high duration was only apparent and that, if certain errors of calculation were rectified and six cases which were numbered as two cases were treated as six, the duration would be reduced to 7·3 days. The explanation is not quite convincing, and granting it to be correct, even the latter figure does not compare favorably with the previous year's average of 2·61 days.

Para 76.

6. The average duration of appeals in the Magistrates' and Sessions Courts fell during the year from 16·27 to 13·97 and from 19·62 to 13·79 respectively. But in the Chief Court it rose from 32·10 to 37·64 days.

Paras 97 and 29.

7. It is reported that three cases involving five European British subjects were tried by Justices of the Peace and that the case of only one person tried in Bangalore for assault resulted in conviction, the remaining two cases, which involved four persons, having resulted in the acquittal of all the accused.

Report on the Administration of Police in Mysore for the official year 1899-1900, received with letter No. 2875—319, dated 21st February 1901, from the Inspector General of Police in Mysore.

No. 16321-9—J. 1428, DATED BANGALORE, 5TH APRIL 1902.

ORDER THEREON.—The total number of cognizable cases reported to the Police during the year under review was 6,119 *i. e.*, 602 more than that for the previous year and 542 more than the average number of cases reported during the preceding five years. This noticeable increase is reported to have been due partly to plague restrictions (which had for a time checked the free movements of the thieving classes) being less strictly enforced, and partly to the high prices of food grains which in some districts nearly touched famine rates.

Paras 1 and 2 of the report.

2. Turning to the more important classes of heinous offences, it appears that 30 "true" cases of rioting, 62 of murder (4 more than in the year previous), 43 of dacoity (as against 29 in the last year) and 54 of robbery (the highest number on record during the past ten years) were reported during the year; and convictions were obtained in 17, 14, 5 and 14 cases respectively. The results are very poor and indicate the necessity for greater care and thoroughness in the investigation and prosecution of such offences. But judging of Police work generally in all classes of cases, the results must be acknowledged to show in several respects a decided improvement over those of previous years as will be seen from the subjoined figures:—

Paras 44, 46, 56 and 58.

Para 40.

	1895-96.	1896-97.	1897-98.	1898-99.	1899-00.
1. Percentage of Police cases ending in conviction of cases investigated.	34·6	35·8	35·6	38·1	41·4
2. Percentage of persons convicted in Police cases to persons sent up for trial.	57·19	54·0	55·3	56·4	59·3
3. Percentage of property recovered to property lost.	46·1	41·7	33·9	42·6	48·6

3. The extent to which the provisions of the Infant Marriages Prevention Regulation were enforced may be judged from the fact that 23 persons concerned in 5 cases were prosecuted during the year and 18 of them were convicted.

Para 36.

4. The Inspector General is requested to expedite the submission of the scheme for the re-organization of the Village Police referred to in paras 27 and 68 of the report

Paras 27 and 68.

5. The total sanctioned strength of the Regular Police increased from 5,828 to 5,865, and the cost of the force (excluding the share of Land Revenue charges debitable to the Police budget) from Rs. 8,99,371 to Rs. 9,22,914.

Para 77.

6. Government agree with the Inspector General that it would be a desirable improvement if the system of fining constables is superseded by a larger use of black marks and punishment drill in the lower ranks of the force.

Para 81.

7. The Inspector General was on tour through the districts for 118 days, and inspected a considerable number of offices and stations, visiting all the districts except Shimoga and Kadur. The Deputy Commissioners of Chitaldrug, Shimoga and Tumkur carried out a fair amount of inspection; but it is presumed that the number recorded is only of cases in which written notes of inspection were left; and that the Deputy Commissioners and other Officers probably visited a larger number of stations and out-posts in the course of their tours. It is noticeable that while the Assistant Superintendent of French Rocks and the Superintendents of Kadur, Kolar and Chitaldrug were longest in camp, the Superintendent of Shimoga, with less touring, did the largest amount of direct investigation work. While recognizing the importance of frequent tours, Government would point out that mere formal inspections and hurried trips are less efficacious than thorough-going though limited examination and systematic guidance of the work of subordinate officers.

Paras 89 and 93.

8. Government agree with the Inspector General that there is room for improvement in the participation of the higher Officers in the investigation work of the Department, and would be glad if the Deputy Commissioners would impress upon Amildars the necessity of devoting more attention to the Police branch of their duties. It would perhaps be as well if the District Police Officers would in every case show by due consideration that the participation of Taluk Amildars in Police work would be welcomed by them.

Para 25.

9. It is satisfactory to observe that good progress has been made in the matter of drill and general instruction.

Letter No. 699, dated 3rd April 1902, from the Officiating Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I beg to submit herewith copy of letter No. 1847, of the 31st March 1902, from the Deputy Commissioner of the Kolar District, proposing some addition to the Kolar Gold Field Detective Police Establishment which is maintained out of the annual contribution of Rs. 12,000 paid by the Directors of the Mining Companies in England. It will be seen therefrom that the addition proposed involves an additional annual expenditure of Rs. 1,000, which, the Deputy Commissioner says, Sir John Lambart has assured him that the Directors would not object to pay. In these circumstances, the addition proposed may be sanctioned. Copy of the proposition statement received from the Deputy Commissioner is also enclosed. Favour of early orders is solicited.

Letter No. C. 1817, dated 31st March 1902, from the Deputy Commissioner, Kolar District, to the Inspector General of Police in Mysore.

In Government Proceedings No. 3257-60—342, dated 31st August 1900, sanctioning the reorganization of the Police Force on the Kolar Gold Field, Government accepted a contribution of Rs. 12,000 per annum from the Mining Companies to meet the cost of a special detective staff. Statement D of the Proceedings laid down a certain scale to meet the pay and allowances of this Special Force, together with miscellaneous charges.

2. After an experience of one and a half years in working this Detective Force, and after consultation with Sir John Lambart and Mr. Thomas, District Superintendent of Police, Kolar Gold Field, I find it necessary to suggest certain alterations in the distribution of the pay of the various grades, and in the allotments for travelling allowances, rewards and secret service.

3. The new yearly estimate will exceed the former grant by Rs. 1,000 only and Sir John Lambart assures me that no objection to this small increase will be raised by the Directors of the Mining Companies in England.

4. I would ask therefore that you will kindly recommend the revised scale to the favourable considerations of Government as necessary under the altered circumstances now prevailing and after the experience gained in actual working of the Detective Force on the Kolar Gold Field.

LOCAL FUNDS

Proceedings of the Government of Mysore.

READ—

Letter No. 693—585, dated 28th January 1902, from the President, District Fund Board, Shimoga Local Fund Circle, submitting the District Funds Budget Estimates of the Shimoga District for 1902-03.

No. 16248-53—L. F. 8-1902, DATED BANGALORE, 4TH APRIL 1902.

ORDER THEREON.—The receipts under all heads are estimated at Rs. 84,836 against Rs. 81,517, the actuals of 1900-01 and Rs. 87,440, the sanctioned estimate for 1901-02.

2. *I. 76 per cent of Local Cess.*—The decrease of Rs. 2,849 under this head as compared with the sanctioned estimate for 1901-02 is stated to be due to the adoption of the actual jamabandi figures of 1900-01, and the probable arrears at the commencement of 1902-03. The estimate is approved.

EXPENDITURE.

3. *A. Public Works to be executed by Public Works Department.*—The present budget provides for the maintenance of four miles of the newly opened "Malur-Mahishi road" at Rs. 40 per mile and of additional length of one mile of Sulikere-Sosalu Railway feeder road at Rs. 50 per mile omitted in the budget for 1901-1902, as also for the marginally noted increases already sanctioned in Government Proceedings No. 8098-8100—L. F. 7-98, dated 25th November 1901. These items as well as the provisions made for incomplete works, special repairs of roads and repairs of third class travellers' bungalows are passed.

	Increase. Rs.
1. Chitaldrug-Benkipur road, 30 miles at Rs. 20 per mile	600
2. Shimoga-Holehonnur road, 9 miles at Rs. 30 per mile	270
3. Shimoga-Sorab-Sirsi road, 66 miles at Rs. 15 per mile	990
4. Sagar-Siralkoppa road, 22 miles at Rs. 25 per mile	550
Total ...	2,410

CIVIL CHARGES.

4. *I. Office Establishment.*—The provision of Rs. 192, newly made for stationery required for Local Fund work in accordance with para VII of Proceedings No. 1319-28—L. F. 108-95, dated 23rd July 1897, accounts for the increase under this head which is allowed to stand.

5. *III. Hospitals and Dispensaries.*—The marginally noted increases are provided under this head. Pending the disposal of the general question in regard to the withdrawal of special allowances to Medical subordinates for visiting places away from their head-quarters to render medical aid, item No. I will be retained in the budget. Items 2 and 4 which are in accordance with the sanctions already accorded in Proceedings Nos. 8945-47—L. F. 144-92, dated 5th March 1901 and 10159-61—L. F. 51-98, dated 9th March 1900, as also item No. 3 will be passed, subject to the submission of a bill of charges for the furniture supplied to the Local Fund Dispensaries in the district.

Item No.	Rs.
1. Allowance for the Hospital Assistant of Honnali visiting Nyamati, sanctioned in Proceedings No. 11648-50—L. F. 144-92, dated 5th March 1901	80
2. Female Dispensary at Shimoga, sanctioned in Proceedings No. 8945-47—L. F. 208-93, dated 11th December 1901	304
3. Furniture for dispensaries	350
4. Pay of toti of the Tirthahalli dispensary raised from Rs. 6 to 7 under Proceedings No. 10159-61—L. F. 51-98, dated 9th March 1900	8
Total ...	742

6. *IV. Midwives.*—The omission of the provision for the scholarship of a midwifery pupil sanctioned for 1901-02 accounts for the decrease under this head. It is noted that the total of the figures given in the detailed statement for 1901-02, is only Rs. 1,388 while in the consolidated statement the same is given as Rs. 1,508. Such discrepancies should be avoided in future.

7. *V. Sweepers for third class Travellers' Bungalows.*—The new provision made for the marginally noted sweepers already sanctioned by Government and the omission of provision for the caretaker of the musafirkhana at Hosur according to a resolution of the District Board account for the net increase under this head. The estimate is approved.

For musafirkhana at Anantapur Rs. 2 per mensem. Do Benvalli at. Rs. 2 per mensem. — Sanctioned in Progs. No. 16526-27—L. F. 74-94, dated 21st May 1901, and No. 246-47—L. F. 74-94, dated 6th July 1901.

8. *VI. Conservancy and Sanitary Charges.*—The present budget newly provides for the salary of a sweeper for the village of Kudli, sanctioned in Proceedings No. 17642-43—L. F. 45-99, dated 29th June 1901. Hence the increase under this head which is approved.

9. The budget estimates of receipts and expenditure of the Shimoga Local Fund Circle for 1902-03, are sanctioned as shown below. The usual particulars are appended.

		Rs.
Estimated receipts for 1902-03		84,836

READ—

Letter No. 598, dated 30th January 1902, from the President, Local Fund Boards, Mysore District, submitting the District Fund budget estimates of the Mysore Local Fund Circle for 1902-03.

No. 16425-38—L. F. 5-1902, DATED BANGALORE, 7TH APRIL 1902.

RECEIPTS.

ORDER THEREON.—The income of the Mysore Local Fund Board for 1902-03 is estimated at Rs. 83,090 against Rs. 73,991 the actuals of 1900-01 and Rs. 80,944 the sanctioned estimate for 1901-02.

2. *I. 76 per cent of Local Cess.*—The increase under this head is due to the increase anticipated under Land Revenue during the year 1902-03. The statement of assets submitted by the President shows that the total demand under this head including arrears of previous year is Rs. 66,968 of which Rs. 66,893, perhaps the sum expected to be collected during the year, is shown as the estimate for 1902-03, while in the consolidated budget statement the same is given as Rs. 63,668. A little more care on the part of those preparing the estimates would show that such variations and discrepancies require explanation, which should have been furnished as a matter of course. The estimate of Rs. 63,668 is allowed to stand, as it is the lowest; and if correction is required, the President should submit the proper explanation.

3. The estimates of revenue from cattle-pounds and ferries and from Santemarhalli market are stated to have based on the average income for the past three years. But as the figures given do not sufficiently approximate to the average of the past three years, they will be modified as shown in the statement below :—

Particulars.	Collection.				Proposed for 1902-03.	Sanctioned for 1902-03.
	1898-99.	1899-1900.	1900-01.	Average.		
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Sale of stray cattle	1,011	972	429	804	1,652	800
Fines for cattle trespass	2,291	2,206	1,603	2,033	2,170	2,000
Ferry collections	493	566	560	539	595	500
Cess on tolls	...	264	196	...	605	562
Santemarhalli market	3,263	2,331	2,303	2,649	3,900	2,700
Bungalow fees	92	133	214	146	99	130
Tolls	8,360	9,568	8,784	8,904	9,670	9,000

4. *VII. Contributions.*—A voluntary contribution of Rs. 1,000, is expected from the Nanjangud Taluk for the repair of cart-tracks in the taluk. This accounts for the increase under this head, which is passed.

5. *Opening Balance.*—The estimate under this head will be raised from Rs. 21,325 to Rs. 44,269 which represents the correct figure arrived at by adding the sanctioned receipts for 1901-02 to the actual balance on 1st July 1901 and deducting therefrom the sanctioned estimate for the year as noted in the margin.

	Rs.
Actual balance on 1st July 1901	46,515
Estimated receipts for 1901-02	80,944
Total ...	1,20,459
Estimated expenditure for 1901-02 ...	85,190
Estimated balance on 1st July 1902 ...	44,269

EXPENDITURE.

6. *A. Public Works to be executed by Public Works Department.*—The correct provision that ought to be made under "iii Establishments" is Rs. 5,712 and not Rs. 6,712 as erroneously entered in the consolidated budget. The former figure will be adopted with the observation that the necessity for the inclusion of Rs. 3,000 as reserve in the statement of repairs should have been explained.

7. *B. Public Works to be executed by Revenue Department.*—The total cost of works proposed to be executed by the Departmental agency is Rs. 16,070, whereas the amount shown in the consolidated budget statement as "Appropriation required for the year" is only Rs. 16,000. As these figures should correspond with each other, the sum of Rs. 16,070 will be adopted as the correct estimate for works. The provision of Rs. 850 made under "X Miscellaneous" for the repair of cattle-pounds should properly appear under this head and will be transferred accordingly. The correct amount that has to be entered on account of supervision is only Rs. 1,968 and not Rs. 2,000 as erroneously put down in the budget. The former figure will be inserted and the total estimate modified accordingly.

	Rs.
B. Public Works	16,070
Repairs to pound	850
Conservancy	2,460
Destruction of cover to snakes	800
Total ...	19,680

CIVIL CHARGES.

8. *V. Sweepers for Travellers' Bungalows and Musafirkhanas.*—The variations proposed under this head are noted in the margin. The increased provision for the supply of cooking vessels made in the present budget is approved with the observation that the omission to provide for the salaries of sweepers attached to the public buildings at Narsipur and Talkad should have been explained. This should now be done. To meet the salary of a sweeper on Rs. 5 per mensem whose employment in the musafirkhana at Nanjangud was sanctioned in Proceedings No. 13849-50—L. F. 72-94, dated 22nd February 1902, the provision will be raised to Rs. 2,708.

	1901-02. Rs.	1902-03. Rs.
1. Pay of sweeper of Narsipur musafirkhana 1 at Rs. 5.	60	...
2. Do Talkad Lodge 1 at Rs. 5.	60	...
3. Contingencies	240	228
4. Cooking vessels	150	500

9. *IX. Contributions.*—The increase of Rs. 2,632 under this head is due to the provision made for the payment of one-third share of the estimated cost of constructing in-patients' wards at Tirumakudlu-Narsipur and Yedatore. The estimate is approved.

10. The budget estimates of Receipts and Expenditure of the Mysore Local Fund Circle for 1902-03 as now sanctioned are shown below. The usual particulars are appended:—

READ—

Letter No. 403, dated 28th February 1902, from the President, District Fund Board, Hassan, submitting the District Fund Budget Estimates of the Hassan Local Fund Circle for 1902-03.

2. Letter No. 429, dated 12th March 1902, from the same officer.

No. 16333-406—L. F. 7-1902, DATED BANGALORE, 7TH APRIL 1902.

RECEIPTS.

ORDER THEREON.—The income under all heads for 1902-03, is estimated at Rs. 71,041 against Rs. 70,809, the actuals of 1900-01 and Rs. 70,535 the sanctioned estimate for 1901-02.

2. *Tolls.*—The reduced estimate of Rs. 1,000 proposed under this head against Rs. 2,449-9-0 actually collected during the year 1900-01, is stated to have been based on the probable collections of the year 1901-02. It should be stated what the actual collections of the first six months of the year 1901-02 amounted to and how much is expected to be realised in the latter half of the same year and why the income is much lower this year than in 1900-01. Pending information the estimate will stand.

3. *Opening Balance.*—The estimate of Rs. 5,069 under this head will be raised to Rs. 25,121, which represents the correct difference between the actual balance on 1st July 1901 plus the sanctioned estimate of income for 1901-02, and the sanctioned expenditure for the same year as per particulars given in the margin.

	Rs.

12	Mudgere-Belur road ...	12	75	60	180
	Total reduction ...	...	...	...	2,695

4. *A. Public Works.*—The provision under "II Repairs" includes maintenance allowance at Rs. 50 per mile of 9½ miles of the newly opened Arehalli-Chikkanahalli road, said to have been entered, as requested by the Executive Engineer and reduced mileage allotments for the marginally noted roads. As these variations have been approved by the Board in their Proceedings of 21st February 1902, the provision is allowed to stand.

5. *Civil Charges, I. Office Establishment.*—The new provision of Rs. 50 made under this head on account of furniture accounts for the increase under this head, which is approved.

6. *II. Medical Scholarships.*—The provision under this head includes Rs. 120 on account of the stipendiary pupil undergoing training in midwifery and Rs. 413 on account of scholarships, fees, books etc., for six students undergoing training in the Madras Medical College for the grade of Hospital Assistants. The former item will be transferred to "IV Midwives" and the latter retained under this head, pending the receipt of statement called for from the Senior Surgeon, showing particulars of students actually undergoing training in the College, stipends, fees and cost of books payable for them.

7. *III. Hospitals and Dispensaries.*—The marginally noted items provided under this head, account for the increase under this head. *Item* 1 will be raised to Rs. 240, as the entire cost of bedding and clothing required for all the dispensaries and not only two-thirds cost thereof for eight of them as proposed by the Board is debitable to the District Funds. *Item* 3 which is said to be due to the salary of a relieving compounder will be struck out, as no such compounders are employed in other districts and the necessity for employing one in this district has not been fully explained.

1. Two-third cost of bedding and clothing for 8 dispensaries	...	...	160
2. Full cost of do	5	do	150
3. Relieving compounder	....	...	96
		Total ...	406

8. *IV. Midwives.*—The provision under this head will be raised from Rs. 1,852 to Rs. 1,972 owing to the transfer of Rs. 120 from the head "Medical scholarships."

9. *X. Miscellaneous.*—A sum of Rs. 300 is entered under this head on account of plague preventive measures which is allowed to stand subject to explanation being furnished about the manner in which it is proposed to utilise this provision.

10. The other items call for no remarks.

Letter No. 524, dated 28th January 1902, from the President, District Fund Board, Kadur, submitting the budget estimates of the Kadur Local Fund Circle for 1902-03.

2. Letter No. 515, dated 28th January 1902, from the same officer.

3. Letter No. 586, dated 18th February 1902 do do.

No. 16550-5—L. F. 9-1902, DATED BANGALORE, 10TH APRIL 1902.

RECEIPTS.

ORDER THEREON.—The District Fund Board estimate the income for **1902-03**, at Rs. 52,877, against Rs. 47,866, the actuals of 1900-01, and Rs. 53,600, the sanctioned estimate for 1901-02.

2. *1. 76 per cent of Local Cess.*—The estimate which is the same as that sanctioned for 1901-02 and is more than the actuals of 1900-01 by Rs. 4,842 including arrears amounting to Rs. 2,829, is passed.

3. *Opening Balance.*—A sum of Rs. 1,369 is shown as the balance against the District Fund Board at the end of the year. As this is not correct, a sum of Rs. −735 will be adopted as the opening balance as explained in the margin.

EXPENDITURE.

4. *A. Public Works to be executed by Public Works Department.*—Owing to the inadequacy of funds, the usual provision for the mileage allotments of the marginally noted roads have been omitted in the present budget. Roads Nos. 1, 2 and 3 and 7 miles of road No. 4 have been transferred to Provincial Funds under Proceedings No. 1964-66—L. F. 171-93, dated 22nd January 1902, and the usual provisions on their account have been properly omitted in the present budget. But the allotments on account of 8 miles of road No. 4 and of the remaining roads 5 and 6 will be inserted in the present budget, pending the issue of final orders on a separate reference made by the President. The provision under "V. Reserve" will be transferred to "II. Repairs" according to Government Proceedings No. 4960-70—L. F. 65-97, dated 5th November 1897, and that under "III. Establishments" raised from Rs. 2,800 to Rs. 3,453 to meet the increased allotment for works.

4 Balehonnur-Kalasa road ..	15	60	900
5. Sollebile-Balehole road	18	60	1,080
6. Shimoga-Yedahalli road	10½	100	1,050
Total ...	...	..	9,080

C. CIVIL CHARGES.

5. *II. Medical Scholarships.*—Under this head a sum of Rs. 100 is entered in the consolidated budget, while in the statement of details no amount has been entered on the ground that "the term of 3 years sanctioned in Proceedings No. 1253-62—L. F. 55-98, dated 24th July 1899, expires on 1st July 1902." As the medical pupils entertained under the orders of 1899 are still undergoing training in the Madras Medical College, the sanctioned provision for 1901-02 will be repeated in the present budget pending the receipt from the Senior Surgeon, of the statement showing the number of students undergoing training and the amount payable for their stipends, called for by this office.

III. Hospitals and Dispensaries.

	Rs.
spitals and Dispensaries—	
1. Koppa, Compounder. Increase of pay from Rs. 14 to Rs. 15 per mensem	12
2. Chikmagalur, charge allowance to Hospital Assistant raised from Rs. 10 to Rs. 15 per mensem as sanctioned in Proceedings No. 8327-29—L. F. 91-96, dated 2nd December 1901	7
3. Cost of bedding and clothing for 9 dispensaries full cost	407
4. Dispensaries 2/3rd cost	134
lidwives—	
4. Purchase of instruments	100

IV. Midwives.—The provisions made for the marginally noted items account for the increases under these two heads. Items 1 and 2 which are in accordance with sanctions already accorded by Government, are passed. Item 3 which is stated to have been entered according to Senior Surgeon's letter No. 1086-94 of 7th January 1902, and item 4, will be retained, subject to the submission of ed bills of charges actually incurred. The cost of bedding and clothing sup- to in-patients is debitable altogether to District Funds and not 2/3rds of it only been entered against "4. Dispensaries."

V. Sweepers for 3rd Class Travellers' Bungalows and Musafirkhanas.—The t budget provides Rs. 5 on account of reward for kotvals for best kept com- ls and gardens as sanctioned in Government Proceedings No. 11525-34—L. F. , dated 11th January 1902. This is passed.

VI. Conservancy and Sanitary Charges.—It is proposed to do away with ervices of the honda watcher at Chikmagalur on Rs. 5 per mensem, and to er one of the two sweepers at Hariharpur to Balagadi and to raise his pay and f the existing two sweepers at Koppa by Re. 1 each per mensem. This pro- involving a net decrease of Rs. 24 on account of establishment and the Board's mendation to provide an increase of Rs. 24 for tools, are approved.

IX. Contributions.—The provision under this head is on account of the of the female dispensary at Chikmagalur (Rs. 1,000) and of the other dispen- uildings in the district, and is passed.

The budget estimates of the District Funds of the Kadur Local Fund Circle for 03 as now sanctioned, stand as follows :—

	Rs.
(1) Estimated balance on 1st July 1902	—735
(2) Estimated receipts for 1902-03	52,877
Total including Balance ...	52,142

Estimated Expenditure for 1902-03.

	Rs.	
A. Public Works	23,263	
B. Public Works	1,008	42,917
C. Civil Charges	18,646	
Estimated Closing Balance ...		9,225

This is less than the prescribed minimum by Rs. 3,994. Endeavours should fore be made to effect savings in the sanctioned items.

Docket No. 700, dated 18th February 1902, from the President, District Fund Board, Chitaldrug, submitting for sanction the revised budget estimates of the District Funds of the Chitaldrug Local Fund Circle for 1901-02.

No. 16535-8—L. F. 9-1901, DATED BANGALORE, 10TH APRIL 1902.

ORDER THEREON.—The modifications proposed in the present budget are given hereunder:—

Receipts.	Already sanctioned.	Now proposed.	Increase.	Decrease.

(4) Medicine to treat cattle-diseases.	30	...	..	30
(5) Travelling allowances to members.	400	300	..	100

RECEIPTS.

2. *VII. Private Contributions.*—The increase of Rs. 500 expected under this head is on account of contribution from villagers for sinking or repairing wells in their respective villages. No reason is mentioned for the larger expectation now entertained; but as the matter is founded apparently on guess-work, the present estimate may as well be retained.

3. *Opening Balance.*—A sum of Rs. 26,695 instead of Rs. 10,429 as given in the original budget and Rs. 27,675 as shown in the revised budget sanctioned in Government Proceedings No. 8667-71—L. F. 9-01, dated 6th December 1901, will be entered under this head as the correct actual balance as per Comptroller's final accounts for 1900-01.

EXPENDITURE.

4. *A. Public Works.*—The increase provided under "I Original Works" and "II Repairs" is for the marginally noted works.

Widening the top width of Sultanpore Tank, Davangere Taluk, Rs. 495.
Special repairs to 3rd class travellers' bungalow at Rampur, Molakalmuru Taluk, Rs. 300.

5. *B. Public Works.*—The sum of Rs. 1,200 entered under "I Original Works" and "II Repairs" is stated to be needed for urgent and important wells to be sunk in taluks. A list of such wells with the estimated cost of each should have been submitted. The estimate will however be retained.

C. CIVIL CHARGES.

6. *IV. Midwives.*—The President explains that a sum of Rs. 50 is provided under this head according to Senior Surgeon's requisition to meet the cost of instruments and other articles to be supplied to the midwives in the district. The estimate is passed.

7. *IX. Contributions.*—To meet the requisitions received from the Public Works Department for proportionate cost of Dispensary buildings in the district, an increase of Rs. 105 is entered under this head, which is passed.

8. *X. Miscellaneous.*—The present budget provides an additional sum of Rs. 400 to meet the arrears of commission payable to pound-keepers and feeding charges of impounded cattle, recently passed by the Comptroller. This is allowed, as also the decrease under "Medicine to treat cattle-diseases" and travelling allowance to members.

9. The budget estimates as now re-revised are shown in the appended statement, an abstract being given below:—

				Rs.
(1) Estimated Receipts for 1901-02	...	..	...	42,600
(2) Actual Balance on 1st July 1901	..	...	..	26,695
(3) Total including balance	...	...	..	69,295
(4) Estimated Expenditure—			Rs.

B. Do	..	..	16,298	57,802
C. Civil Charges	..	...	14,914	
		Closing Balance	...	11,493

10. Government feel compelled to notice that proper care and consideration are not bestowed in the preparation of these budgets,—an omission which results in the unnecessary work of revision more than once as in this case.

Letter No. 611, dated the 20th December 1901, from the President of the District Fund Board, Tumkur Circle, stating that the marginally noted two works, which had been included in the list submitted with his letter No. 236, dated the 2nd September 1901, have been omitted in Government Proceedings No. 8412-20—L. F. 29-00 of the 3rd December 1901, and requesting that the funds applied for on their account, *viz.*, Rs. 310, may be sanctioned from Local Funds General on the ground that the works have been almost completed.

Letter No. 788, dated the 6th March 1902, from the same officer, stating with reference to Government Proceedings No. 14301-8—L. F. 29-00, dated the 28th February 1902, that the two works in question were sanctioned by Mr. Narain Rao, the then President, in the month of April 1901, the estimates being within his power of sanction, that the amount was expected to be met from the lump sum grant of Rs. 5,000 sanctioned in Government Proceedings No. 1744-5—L. F. 15-99, dated the 2nd August 1900, and that, accordingly, the said works were included in the list of incomplete works for the current year, and requesting sanction, in these circumstances, to the grant of the amount of Rs. 310 applied for.

No. 16471-79—L. F. 29-00, DATED BANGALORE, 7TH APRIL 1902.

ORDER THEREON.—In the circumstances now represented, Government are pleased to sanction, as a special case, a grant of Rs. 310 from the Local Funds General for completing the two incomplete works referred to during the current year.

2. Government wish to lay down again that they do not approve of the practice of carrying out any work and incurring expenditure on that account without proper previous sanction. This may sometimes be felt to be inconvenient but the remedy, it may be observed, lies in not allowing sanctioned grants to lapse.

READ—

Letter No. 371, dated 14th February 1902, from the President of the Sanitary Board, Kolar Gold Fields, submitting the Budget Estimates of the Board for the year 1902-03.

No. 16598-613—L. F. 3-1902, DATED BANGALORE, 11TH APRIL 1902.

Receipts.

ORDER THEREON.—The income of the Kolar Gold Fields Sanitary Board as estimated for the year 1902-03 is Rs. 30,800 against Rs. 19,116, the actuals of 1900-01 and Rs. 23,055 (excluding the loan of Rs. 20,000) the sanctioned estimate for 1901-02.

2. *I. 76 per cent of Local Cess.*—The estimate which is based on the actuals of 1900-01 is sanctioned, with the observation that the enclosure A showing the details of estimate under this head as prescribed in Official Memorandum No. 7259-66—L. F. 576, dated 25th September 1891, should have been submitted. Such omissions should be avoided in future.

3. The increase under "Cattle pounds" and "Miscellaneous" is stated to be due to the establishment of a new cattle-pound at the Oriental Camp and to the collection of fees from cooly colonies at Maskam and ground rent from Ooregum Cooly Colony, but that under other heads has not been explained. The estimates of income expected seem to be too sanguine; and as no adequate reasons in support of the increased estimates are given, they are amended as follows:—

	1902.	1903.
	Rs.	Rs.
Entire Mohatarfa that may be collected within the Sanitary Circle.	12,000	10,000
Fees from market	5,000	4,000
Fees from slaughter houses	7,000	6,000
Sale proceeds of manure, fees for issuing licenses for shops, rents for the huts in the Cooly Colony.	4,500	2,000

4. *B. Public Works.*—As the estimate of receipts is reduced by Rs. 6,500, the provision of Rs. 12,100 for original works will be reduced by Rs. 5,000, corresponding reduction being made under establishment.

5. *ii. Conservancy and Sanitary Charges.*—The present budget provides for the pay of three additional totis on Rs. 8 each per mensem as sanctioned in Government Proceedings No. 12691-92—L. 10-01, dated 1st February 1902 and also for the annual increment of Rs. 25 due to the Sanitary Inspector in addition to a cart on Rs. 30 per mensem, which is stated to be absolutely necessary owing to the inadequacy of the existing number of carts employed for conservancy purposes. This is sanctioned.

6. *X. Miscellaneous.*—A sum of Rs. 2,800 is entered under this head on account of the first instalment in repayment of the loan of Rs. 20,000 sanctioned by Government in Proceedings No. 5302—L. F. 17-99, dated 3rd November 1899. The estimate is passed.

7. The other items call for no remarks and are passed.

8. The budget estimates of Receipts and Expenditure of the Kolar Gold Fields Sanitary Board for 1902-03, are sanctioned as particularized in the statements appended, an abstract thereof being appended below:—

	Rs.
(i) Estimated balance on 1st July 1902	3,454
(ii) Estimated receipts for 1902-03	24,300
Total	27,754

			Rs.
Estimated expenditure for 1902-03.			
(i) A. Public Works ...	... Nil		
(ii) B. Do ...	... 9,410	...	... 23,986
(iii) C. Civil Charges ...	... 14,576		
Estimated closing balance ...	...	...	... 3,768

As the working balance is less than the prescribed minimum by Rs. 2,307, the President should endeavour to maintain the minimum by effecting savings in the sanctioned items, if the actual balance on the 1st July 1902 is not more than the estimate now adopted.

READ—

Letter No. 912—766, dated the 7th April 1902, from the Deputy Commissioner, Shimoga District, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to Government Proceedings No. 16081-2—L. B. (P.) 1664, dated the 31st March 1902, expressing a hope that precautionary measures will be taken to arrest the progress of the disease at Anantapur, Sagar Taluk, I have the honor to report that I inspected the Anantapur village on the morning of the 4th instant and found it fully evacuated. The people of that place and the adjacent villages are camping out. There have been no plague cases for more than a month. I have impressed upon the taluk and village officers the necessity of keeping the villages in a clean and sanitary condition. I may say that there is no plague anywhere in Sagar Taluk at present.

L. B. B.—MUNICIPAL

Proceedings of the Government of Mysore,

READ—

Letter No. 681, dated 12th February 1902, from the President of the Municipalities in the Chitaldrug District, submitting the revised budget estimates of the Chitaldrug Municipality for the year 1901-02.

Letter No. 1453, dated 20th March 1902, from the Comptroller to the Government of Mysore.

No. 16918-21—L. F. 22-1901, DATED BANGALORE, 17TH APRIL 1902.

ORDER THEREON.—The supplemental grants proposed are noted hereunder :—

	Existing.	Proposed.	Increase.
(1) Opening Balance	2,415	3,496	1,081
EXPENDITURE.			
VIII. Public Works (g) Water-supply, repairs ...	400	1,900	1,500
IX. Charitable grants	294	356	6
X. Miscellaneous (h) Other item	700	736	36
Total Increase ...			1,598

2. The increase under "Opening Balance" is stated to be in accordance with the actual balance on 1st July 1901, as furnished by the Comptroller, but the correct balance according to the final accounts received in this office is only Rs. 1,909, which will be adopted in the present budget in lieu of Rs. 3,496 proposed, thus reducing the figure by Rs. 1,587.

EXPENDITURE.

3. *VIII Public Works.*—The provision made under this head is due to the pumping up of water from the Waddu below Timmanayakanakere in Chitaldrug for the use of the townspeople and is in accordance with Proceedings No 11732-3—L. F. 171-96, dated 16th January 1902. The estimate is passed.

4. *IX Charitable Grants.*—The sum of Rs. 62 provided under this head is on account of the Municipal share of the contribution payable towards the cost of repairs executed to the female dispensary building at Chitaldrug and is allowed to stand.

5. *XI. Miscellaneous.*—The increase sanctioned to the pay of the fitter in Proceedings No. 5755-56—L. F. 22-00, dated 3rd October 1901, is provided under this head and is passed.

6. The revised budget estimates of receipts and expenditure of the Chitaldrug Municipality for 1901-02, as now sanctioned as per details given in the appended statement, stand as follows :—

	Rs.
(1) Actual Balance on 1st July 1901	1,909
(2) Estimated Receipts for 1901-02	10,400
Total including Balance ...	12,309
(3) Estimated Expenditure for 1901-02	12,055
(4) Closing Balance	254

7. As the closing balance is less than the prescribed minimum by Rs. 2,346, the President is requested to see that every endeavour is made to maintain the usual balance by effecting savings in the sanctioned items.

EXPENDITURE.

4. *III. Collection*—The variations proposed under this head are in accordance with sanctions accorded in Government Proceedings No. 6295-96—L. F. 30-98, dated 17th October 1901 and No. 12704-13—L. F. 295-96, dated 8th May 1899, and the new provisions made in the budgets of Yedatore, Heggaddevankote, T.-Narsipur, Sosale and Saligram are for the collection of house and mohatarfa taxes. This is passed.

	Already sanctioned.	Now proposed.
(a) Octroi ...	1,300	1,102
(b) House and Mohatarfa taxes ...	346	972
	1,646	2,074

5. *VIII. Public Works.*—The provisions newly made for the incomplete works of the previous years in certain Municipalities account for the increase under this head. Owing to the insufficiency of funds in the Mirle Municipality, the entire provision of Rs. 248 made under this head will be disallowed and the estimates entered in other budgets will be allowed to stand.

6. *IX. Charitable Grants.*—The increases of Rs. 66 and 10, respectively, provided in the budgets of Chamrajnagar and Gundlupet on account of contribution payable to the Public Works Department for repairing Local Fund Dispensaries are sanctioned.

7. The revised budget estimates of receipts and expenditure of the several Municipalities in the district, exclusive of the French Rocks Sub-Division are as shown below, the usual particulars being appended :—

No.	Municipalities.	Actual balance on 1st July 1901.	Estimated income for 1901-02.	Total including balance.	Estimated expenditure for 1901-02.	Estimated closing balance on 30th June 1902.

2. The progress made during the quarter under review is very unsatisfactory. The attention of the Deputy Commissioners is invited to the observations made in para 2 of the Government Order No. R. 301-8—R. F. 43-98, dated 24th July 1901.

3. The discrepancies in the total number of villages, pointed out above, should be explained at a very early date.

Letter No. 949, dated 21st February 1902, from the Deputy Commissioner, Bangalore District, submitting a report on the inspection of the Agricultural Bank at Vadaganahalli, Devanhalli Taluk, by the Inspector of the Agricultural Banks.

No. R. 4433-41—R. F. 111-95, DATED BANGALORE, 5TH APRIL 1902.

ORDER THEREON.—The affairs of the Bank, though in some respects properly conducted, do not, on the whole, seem to be managed in as satisfactory a manner as possible. Radical changes seem to be necessary and definite proposals on the subject are awaited. The withdrawal of Government support in so important a concern as this, is undesirable, unless found by experience to be unavoidable. The Deputy Commissioner and the Inspector will be good enough to jointly inspect the Bank again as early as possible on a date to be mutually agreed upon, and after a thorough joint investigation, advise the Government as to what should be done to promote the object in view and to prevent a collapse.

Letter No. 547, dated the 7th February 1901, from the Superintendent of Revenue Survey in Mysore, submitting the Annual Progress Report of the Mysore Revenue Survey Department for the year ending 31st October 1900.

No. R. 4467—R. F. 42-98, DATED BANGALORE, 8TH APRIL 1902.

ORDER THEREON.—*Changes in the Department.*—The appointment of a probationer was newly sanctioned by Government.

2. *Measurement.*—The work done by the Measurers and Surveyor attached to the Survey Department consisted of the detailed survey of inam villages, measurement of lands required for cultivation and in connection with new irrigation works and extension of channels, the whole of which extended over an area of 32,536 acres against 20,340 acres, the increase in area during the year under review being due to large unculturable stretches found in inam villages.

3. There were 77 Measurers and 8 Surveyors employed in the districts, chiefly on the subdivision of lands and inspection of boundary marks.

4. *Measurement Test.*—Over 7 per cent of the fields measured were tested; and the difference between the original and test measurements did not exceed 5 per cent.

5. *Classification.*—11,754 fields, measuring 75,304 acres, were brought under classification, as against 12,396 fields, measuring 83,661 acres, the previous year. The revision of the water classification of rice and garden lands ordered in Government Proceedings No. 4115-17—R. 1414, dated the 5th November 1896, was completed in the whole of the Huliyar Sub-Taluk with a portion of the Chiknayakanhalli Taluk which formerly formed the late Budihal Taluk, and the major portion of the Challakere Taluk.

6. The soil classification of 1,401 fields and the water classification of 806 fields were tested, against 1814 and 1,148 fields, respectively, in the previous year, the average difference between the original classification and test being one pie both in soil and water, as was the case in the previous year.

7. *Measurement and Classification of Inam Villages.*—The number of inam villages measured in detail was 22 consisting of 21,469 acres and that classed was 29 consisting 17,705 acres, the number of villages measured and classed in the previous year being 21 and 29 consisting of 16,504 and 22,299 acres, respectively.

8. *Survey and Settlement.*—The last of the 67 taluks in the State, *viz.*, Nanjangud, was settled during the year while of the Jahgirs, the Sringeri Jahgir remained to be settled.

9. *Village Maps.*—The number of villages for which survey maps remained to be issued was one in the Chamrajnagar Taluk, 196 in the Nanjungud Taluk and 2 in the T-Narsipur Taluk.

10. *Remuneration of Village Officers.*—The revision of the original Pakka Potgi Settlement was effected in 9 taluks against 11 in the previous year.

11. *Cost of Operations.*—The cost of survey operations during the year under review amounted to Rs. 1,56,342-1-10, against Rs. 1,51,555-13-10 in the previous year, the total cost from the beginning up to the end of October 1900, being Rs. 70,70,002-7-1.

Docket No. 604, received on 3rd February 1902, from the Superintendent of Revenue Survey in Mysore, submitting the Annual Progress Report of the Mysore Revenue Survey Department, for the Survey year ending 31st October 1901.

No. R. 4468—R. F. 42-98, DATED BANGALORE, 8TH APRIL 1902.

ORDER THEREON.—*Partial Re-survey.*—To carry out the partial re-survey in connection with the revision of the assesment of taluks at the expiration of the term of the original settlement, ordered in Government Proceedings Nos. 3193—R. F. 8-1900-01, dated 16th October 1900, and 4250—R. F. 8-1900-01, dated 26th November 1900, the A and B Measuring establishments were organized under Mr. D. Shama Rao and Mr. K. Ramaswamaiengar, respectively, the two classing establishments having been abolished. Probationer D. Srinivasa Rao was attached to Mr. D. Shama Rao's establishment.

During the whole of the season, the A Establishment was employed on re-survey work in the Davangere Taluk and the B Establishment in the Hiriyur. The re-survey work carried out extended to 490 villages comprising 45,242 fields, the area involved therein being 928,746 acres. The number of new survey numbers that had to be formed was 9,191, consisting of 67,119 acres.

2. *Original Measurement.*—The establishment attached to the Deputy Superintendent's office carried out the original miscellaneous work connected with 2,503 fields, comprising 13,126 acres.

3. *Classification.*—There was no separate establishment for classification; but the surveyor and 14 classers who were attached to the Deputy Superintendent's establishment, classed 6,509 fields with an area of 32,571 acres, consisting mainly of 25 inam villages and of lands under irrigation channels. The eight classers attached to the measuring establishments did the classification work of 392 fields measuring 4,713 acres.

4. *Preparation and Issue of Village Maps.*—At the close of the year, 174 village maps remained to be issued,—171 in the Nanjangud, 2 in the T. Narsipur and 1 in the Chamrajnagar Taluks.

5. *Progress of Survey and Settlement.*—Only the Sringeri Jahgir remains to be settled. The partial re-survey and classification of the Davangere and Hiriyur Taluks were completed.

6. *Inam Villages.*—The number of inam villages measured in detail was 10 with an area of 6,597 acres and the number classified was 25 with an area of 25,601 acres.

7. *Final Remuneration of Village Officers.*—Original remuneration for the Kankanhalli Taluk and temporary remuneration for the Nanjangud Taluk were fixed. The remuneration payable to the village officers of six taluks was revised.

8. *Cost of Operations.*—The cost of survey operations during the year was Rs. 1,56,434-0-7, against Rs. 1,56,342-1-10 in the previous year, the total cost of the Department from its commencement up to the end of October 1901, being Rs. 72,26,436-7-8.

The cost of the two establishments employed on partial re-survey work was Rs. 49,902 or 10 pies per acre.

Government Proceedings Camp No. 36, dated 8th November 1882, directing the transfers of certain villages and taluks in the Chitaldrug District and reducing the Hosdurga Taluk to a Sub-Taluk.

READ—

(1) Representations made at the Dasara Assembly of 1893 and 1895 that the Hosdurga Sub-Taluk be constituted a taluk (Subject No. 171—1893 and 80—1895.)

(2) Petition No. 1789, dated 18th November 1897, from Seshachar and others praying for the establishment of Sub-Treasury at Hosdurga or for the Sub-Taluk being made into a Taluk.

(3) Letter No. 636, dated 3rd January 1898, from the Deputy Commissioner, Chitaldrug District, reporting that for want of a Treasury between Holalkere on one side and Chiknayakanhalli on the other, a distance of 63 miles, very great inconvenience was being experienced by traders and patels carrying remittances to Taluk Treasury, and recommending the formation of a Taluk at Hosdurga and the abolition of the Huliyar Sub-Taluk, the Budihal hobli of the Sub-Taluk being added to Hosdurga.

(4) *Letter No. 632—607, dated 31st January 1899, from the Deputy Commissioner, Chitaldrug District.*

With reference to your docket No. 8036—Pet. 1088, dated 1st March last, regarding the proposed formation of a new taluk with head-quarters at Hosdurga, I have the honor to forward a map showing the proposed taluk and a list showing the villages that, it is proposed, should constitute that taluk.

2. A glance at the map will show that Hosdurga, a fairly large town now and rapidly rising in importance, is situated in a central position with reference to these villages. It is proposed to add to the present Hosdurga Sub-Taluk the Budihal hobli of the Huliyar Sub-Taluk and the Lakkihalli hobli of the Hiriyur Taluk. In the latter hobli, communication with Hiriyur is already difficult owing to the presence of hills and jungles in the way, and the difficulty will be greatly enhanced when the Marikanave reservoir, now under construction, is completed. For the present pathways will then be submerged and men will have to make long and tedious detours. The size of the present Hiriyur Taluk is also at present unduly large and this slicing off of the Lakkihalli hobli from it and adding it on to Hosdurga will give the taluk a relief it very much needs. The patels and shanbhogs of the Lakkihalli hobli now find it a matter of great difficulty carrying remittance to Hiriyur over uninhabited jungle tracts and they have expressed their willingness to welcome the proposed change. As regards the Budihal hobli, the Deputy Commissioner, Tumkur, a copy of whose letter is herewith submitted, is not in favor of its being added on to Hosdurga. The main argument urged against it is the inconvenience that will be caused by the abolition of the Huliyar Sub-Taluk. I beg to state that it is not absolutely necessary that, in order to re-construct the Hosdurga Taluk, the Huliyar Sub-Taluk should be abolished. It may remain as it is and perhaps some villages from the Chiknayakanhalli Taluk proper may be added to it to make it more compact. From a Revenue point of view, however, it is certainly more advantageous to have this Budihal hobli under Hosdurga when there is a Taluk Cutcherry and a Treasury there. For, in that case, patels and shanbhogs will have to go only 9 to 15 miles instead of 20 miles to Chiknayakanhalli. If, however, it is considered inadvisable to alter the present constitution of the Huliyar Sub-Taluk, I beg very strongly to recommend that the Hosdurga Taluk be formed by the addition of the Lakkihalli hobli to it. It will then be certainly more important than the Molakalmuru or the Jagalur Taluk.

3. The petition received with your docket is herewith returned.

(5) Docket No. 3473—1134, dated 27th October 1900, from the Secretary to the Government of Mysore, General and Revenue Departments, requesting the Deputy Commissioner, to place himself in communication with the Superintendent, Mysore Revenue Survey, and the Deputy Commissioner of Tumkur and submit a further report with statistics of Revenue, population etc.

(6) Petition Registered No. 1150, dated 10th December 1900, from the shanbhogs, patels etc., of the Belagur magani of the Kadur Taluk, praying for their magani being added to the proposed Hosdurga Taluk.

(7) Petition No. 1605, dated 8th February 1901, from the shanbhogs Sivaramaiya and others of Yelanadu, praying that the Huliyar Sub-Taluk be made into a taluk.

(8) Also petitions Nos. 1607 dated 7th February 1901, and 1601 dated 8th February 1901, on the same subject.

(9) *Letter No 800, dated 30th March 1901, from the Deputy Commissioner, Chitaldrug District, to the Secretary to the Government of Mysore, General and Revenue Departments.*

With reference to your docket No. 3472—R. 1134, dated 27th October last, I have the honor to state that the constitution of the Hosdurga Taluk on the lines suggested is the only arrangement that appears to be suitable. I send copy of letter No. 500, dated 21st January, received from the Superintendent, Mysore Revenue Survey, who concurs in my views. The Deputy Commissioner, Tumkur, however, does not consider the abolition of the Huliyar Sub-Taluk advisable, more especially as a new Sub-Taluk Cutcherry has been recently built there. There is, however, no reason why the proposed new taluk should not be formed, even though this Sub-Taluk Cutcherry has been built at Huliyar. That building may be used for other purposes. I hear there is no decent school-building at Huliyar and the Sub-Taluk Cutcherry may be converted into a school-house, for which it is eminently suited. I beg to submit a map showing the Hosdurga Taluk as it is proposed to be formed, and a statement showing area etc., of villages to be included in it. The map is drawn to a scale of two miles to an inch, as some Taluk maps are drawn, and a glance at it will show that the proposed taluk will be a very compact one and of decent size. The kaval at the southern end may be attached to the Huliyar hobli, and made to form part of the Chiknayakanhalli Taluk.

Copy of letter No. 500, dated 21st January 1901, from the Superintendent, Revenue Survey, to the Deputy Commissioner, Chitaldrug District.

I have the honor to acknowledge the receipt of your letter No. 681, dated 22nd December last, requesting my opinion on the subject of the conversion of the Hosdurga Sub-Taluk into a Taluk. I should have replied earlier, but delayed, as I had hopes of discussing the matter with you personally.

2. The proposed arrangement will of course entail considerable labor and expense with reference to the cancellation of Taluk maps which have been already prepared; but of course, this consideration should not be allowed to stand in the way, if the new arrangement is really necessary.

3. Both the Holalkere and the Chiknayakanhalli Taluks would be rendered more compact by the proposed arrangement. The people of the Budihal hobli naturally object to their hobli being added on to the newly proposed Hosdurga Taluk as Huliyar is more convenient for them than Hosdurga, but their objections should not be allowed to stand in the way as Hosdurga would be within quite a reasonable distance. The formation of the new Hosdurga Taluk without including the Budihal hobli would not in my opinion be advisable, Huliyar, of course cease to be a sub-taluk, and this would cause no great inconvenience excepting to some villages in the North-east corner of the Chiknayakanhalli (present Huliyar Sub-Taluk). The convenience to the people of the Huliyar Sub-Taluk under existing arrangements is so great that opposition from them to the proposed new arrangement must of course be expected.

4. As regards the transfer of the Lakkihalli hobli from the Hiriyur Taluk, there seem to be no two opinions. The Amildar of Hiriyur expressed to me a very strong opinion on the desirability of the transfer from Hiriyur of the hobli in question.

5. There at any rate seems to be necessity for the establishment of Sub-Treasury somewhere between Chiknayakanhalli and Holalkere.

6. All changes in taluk boundaries are extremely inconvenient in the matter of the consequent cancellation of taluk maps, but as I have already observed, this inconvenience must be considered subsidiary to really necessary territorial changes.

(10) Letter No. 894, dated 14th April 1901, from the Deputy Commissioner, Chitaldrug, stating that the Deputy Commissioner of Kadur has no objection to the transfer of the Belagur magani to the proposed Hosdurga Taluk.

(11) Further correspondence ending with docket No. 100, dated 30th July 1901, from the Deputy Commissioner, Chitaldrug.

No. R. 4868-4908—R. F. 16-1900, DATED BANGALORE, 28TH APRIL 1902.

ORDER THEREON.—The Sub-Taluks of Huliyar and Hosdurga will be abolished and a new taluk styled the "Hosdurga Taluk" constituted with effect from 1st July 1902 and attached to the Chitaldrug District.

As shown in the detailed list appended hereto, the new taluk will consist of:—

(1) The present Hosdurga Sub-Taluk comprising the Hosdurga and Bagur hoblis;

(2) The Lakkihalli hobli transferred from the Hiriyur Taluk;

(3) The Budihal hobli transferred from the Huliyar Sub-Taluk (to be abolished); and

(4) The Belagur Magani, transferred from the Kadur Taluk.

The remaining two hoblis, Huliyar and Yelanadu of the Huliyar Sub-Taluk, will remain attached to the Chiknayakanhalli Taluk.

The Deputy Commissioner, Chitaldrug District, is requested to submit early proposals for the establishment required for the new taluk office, into which the present establishment of the Deputy Amildars of Hosdurga and Huliyar should be absorbed. The Deputy Commissioner, Tumkur, is requested to report how the new building constructed for the Sub-Taluk Cutcherry at Huliyar may be utilized in future.

The necessary notification as regards the abolition of the two Sub-Taluks and the formation of the new taluk mentioned above will be published in the official Gazette.

2. *Land Revenue.*—Owing to expansion of cultivation generally throughout the State, a net increase of Rs. 64,712 is expected, the small decrease of Rs. 4,537 occurring in the Mysore District, being under certain miscellaneous items.

3. *Forest.*—Under this head, there is a net decrease of Rs. 37,654, the principal items of increase and decrease being as stated below:—

Rs.	Increase.	Rs.	Decrease.
39,376	due to the sale of all the sandal-wood in the Hassan District.	37,638	under minor forest produce in the Tumkur District, the tangadi and kakke barks having been sold in 1900-01, both for that year and for 1901-02.
11,386	due to good bids secured at the sandal sale in the Kadur District.	26,170	in the Shimoga District, the expected revenue being less than the realizations of the previous year.
10,352	under minor forest produce (tangadi bark) chiefly in the Challakere Taluk.	6,924	due to the abolition of timber depot at Kadur.
		12,710	due to want of bids at the timber sales.
		15,046	nominal decrease against District Treasury, the amount having been credited at the Chikmagalur Taluk Treasury.

4. *Abkari.*—Heavy decrease is noticeable in the Districts of Kolar (Rs. 26,129), Chitaldrug (Rs. 16,369), Kadur (Rs. 15,284) and Hassan (Rs 12,851), the chief contributory cause being want of proper bids for arrack shops and vend farms.

5. *Sayer.*—Of the total net increase of Rs. 62,964 a sum of Rs. 57,564 is expected from the Shimoga District alone, where the areca crop is reported to be in good condition.

6. The statement annexed gives talukwar details, with reasons for important fluctuations.

Correspondence ending with docket No. 697—S, dated 27th May 1901, from the Deputy Commissioner, Hassan District, regarding the cancellation of the sale of certain carpenter-service inam lands in the Hommagondanahalli village, Hassan Taluk, and their restoration to the service-holders.

No. R. 4980-89, DATED BANGALORE, 29TH APRIL 1902.

ORDER THEREON.—The jodi payable by the carpenters Dodda Puttachari, Chikka Puttachari and Thammanna on the lands in their joint khata in the Salgame village, Hassan Taluk, fell in arrears, and in the process of recovering them two service inam lands, *viz.*, Survey No. 20 (wet), extent 26 guntas, assessment Rs. 2, and Survey No. 7 (dry), extent 2 acres and 5 guntas, assessment Rs 3, of Hommagondanahalli were sold. When the proceedings were submitted to the Deputy Commissioner for confirmation of the sale, he observed that the service inam lands, being unenfranchised, should not be sold; but nevertheless the lands were sold. The purchasers having failed to pay the balance of the purchase money in time, the lands were sold again, but owing to want of bidders, at last entered in the takrar takhta of 1888-89 and struck off the khata.

2. In January 1889, Mahantegowda, patel of Hommagondanahalli, applied for the grant of the lands for cultivation. In March 1889, the lands were, under the orders of Amildar H. Srinivasa Rao, put to auction, at which Survey No. 7 was purchased by one Basavegowda for Rs. 3 and Survey No. 20 by the darkhastdar Mahantegowda for Rs. 12-8-0.

3. Without giving the facts of the case fully, the Amildar solicited the orders of the Deputy Commissioner as to whether the sale proceeds (Rs. 5-8-0) might be credited towards the arrears of jodi due from the carpenters and the lands given out for cultivation. The Deputy Commissioner confirmed the sale but called for a futher report as regards crediting the sale proceeds towards arrears and granting the lands temporarily for cultivation. When the Amildar reported the facts in detail, the Deputy Commissioner in July 1889, directed that the lands be given out temporarily for cultivation subject to their being given up whenever required, and that the sale proceeds of the lands as well as their assessment less the jodi be credited towards the arrears.

4. No effect was given to the above order till October 1892, when a mutchalika was taken from Mahantegowda. The other purchaser Basavegowda evaded giving a mutchalika.

5. Permission had been given in June 1889 to both the purchasers to occupy the lands in question. And in 1890, the carpenters fully paid up the arrears due from them. In 1892 and again 1894, Dodda Puttachari petitioned the Amildar praying for the restoration of these inam lands together with the jari amount held in deposit from 1889-90 to 1894-95.

6. Basavegowda, the occupant of Survey No. 7, who was not bound by any mutchalika, consented to give up the land if the purchase money paid by him (Rs. 3) and the amount (Rs. 5) spent by him in improving the lands were returned to him.

7. On the 10th January 1896, the Amildar solicited the instructions of the Deputy Commissioner in the matter, who enquired if Puttachari was willing to pay the sum of Rs. 8 demanded by Basavegowda. Puttachari at first refused to pay the amount, but subsequently consented to pay Rs. 5 out of the money held in deposit.

8. On the 15th November 1896, the Assistant Commissioner (Mr. Honnappa Naidu) before whom the matter came up, ordered that notices be issued to the purchasers requiring them to give up the lands, that Puttachari be put in possession of the said lands and that the amount in deposit less what was payable to Basavegowda be returned to Puttachari.

9. Accordingly Puttachari was put in possession of the lands in January 1898, and out of the amount held in deposit, *viz.*, Rs. 17-8-0, Rs. 8 were paid to Basavegowda and the remainder to Puttachari. As Rs. 15-5-0, which was still due to Puttachari had been credited to Government under "Lapsed deposit," the Amildar submitted a refund bill for the amount in favor of Puttachari. The Deputy Commissioner observed that the procedure ordered by the Assistant Commissioner was wrong, that the amount should have been credited to Government as revenue derived from

unclaimed inam lands, that there was no reason to refund the lapsed deposit and that the lands would be continued as inam only if Puttachari paid back the sum of Rs. 17-8-0 already disbursed. Puttachari failed to pay the amount; and the matter was again referred to the Deputy Commissioner, who now solicits the orders of Government as to whether the service inam lands, which were resumed though without the sanction of Government, could be allowed to be enjoyed on the terms of the original grant.

10. The resumption and sale of the inam lands in question, being unauthorised and contrary to the standing orders of Government, are void *ab initio* and cannot be recognised. As the lands have come into the possession of the inamdar, Government will not move further in the matter.

11. If the sum of Rs. 15-5-0 has been allowed to lapse to Government, through mistake, there is no reason why the said amount should not be refunded to Puttachari. The Deputy Commissioner is requested to enquire further into the matter and submit a refund bill for the orders of Government.

12. The proceedings of the several officers in this case are full of irregularities as explained above. Government are not satisfied with the part taken in them by the Taluk and other Revenue officers concerned.

Proceedings of the Government of Mysore,

READ THE FOLLOWING—

Letter No. 62, dated 22nd November 1901, from the Superintendent of Stamps in Mysore, submitting the Annual Report of the Stamp Department for the year 1900-01.

1. I have the honor to submit the Annual Report and the usual statement on the working of the Stamp Department for the year 1900-01.

2. The statements of receipts and expenditure in each district have been received only lately, and I could not therefore submit the report earlier.

Annual Report of the Stamp Department of the Mysore State for the year 1900-01.—Excluding the foreign Bill, Transfer and Notarial Labels, the year opened with a stock of General Court Fees and Receipt Stamps valued at Rs. 16,73,299 to which an addition was made by the Manufactory to the extent of Rs. 12,40,912. Thus the total of the year under report was Rs. 29,14,211.

Stock.

2. The stock of Foreign bill labels and Transfer stamps is detailed in the margin. There is very little demand for these. Occasionally, the Madras Bank and the Honorable the Resident's Treasury send requisitions.

Particulars.	Value. Rs.
Foreign bill labels ...	41,378
Transfer stamps ...	7,09,659

Issues.

3. The issues to different Treasuries of the General Court Fees and Receipt Stamps were as shown hereunder :—

4. It will thus be seen that the Mysore District indented for more stamps than the others. So far as Court Fees are concerned, Bangalore comes next, Hassan third and Kolar fouth.

5. The Honorable the Resident's Treasury indented for Court Fee, General and Receipt Stamps of the aggregate value of Rs. 46,276-12-0, as against Rs. 58,295-10-0 in the previous year.

Statement No. 7.

6. The figures given below will show the amount of work done in each month in the Issue and Receipt branches of this office :—

Statements Nos. 8 and 9.

7. The above statistics will show that the Stamp Superintendent's Office, as well as that of the Manufactory, have had full work and that responsibility is increasing every year in dealing promptly and so very often with the stamps in counting when received from the Manufactory and in re-counting and counter-stamping when issued to other Treasuries.

These include the stamps transferred to the Court Fees and to the Damaged Stamp Register.

8. The issues were more under the following denominations than in the previous year :—

Impressing documents at the Manufactory.

9. The stamp duty realized in the Superintendent's Office this year was Rs. 11,459-9-0, as against Rs. 28,507-14-0 of the previous year.

10. There were no applications for impressing documents of higher values than Rs. 4,860 negotiations in connection with large Gold Mining Companies not having taken place.

Progress in Stamp Revenue.

11. The details given below will show **how the Stamp Revenue** has been steadily increasing since 1888-89 :—

Sales by Supervisor.

12. The sale proceeds of Court Fees Stamps of Rs. 50 and upwards by the Stamp Supervisor amounted this year to Rs. 15,995 or Rs. 2,795 in excess of the previous year's amount.

13. It may be interesting to note the amounts realized during several years since 1893 by the sale of Court Fee Stamp papers of higher value by the Supervisor of the Stamp Superintendent's Office. The amounts were :—

Year.	Amount.	Year.	Amount.
	Rs.		Rs.
1893-94	4,365	1897-98	7,395
1894-95	7,440	1898-99	6,810
1895-96	4,930	1899-00	13,200
1896-97	4,485	1900-01	15,995

14. The total receipts and the issue of stamps this year compare favorably with those of the previous year :—

19. It will thus be seen that the monetary transactions improved this year, as Rs. 40,067-4-0 have been realized by the sale of General Stamps more than in the previous year, and that there was such a slight falling of under Court Fees, as hardly to call for any special remark.

Expenditure.

20. The particulars of expenditure are detailed below; and there was an increase of Rs. 2,510-15-11, when compared with the previous year :—

	Total ...	54,213 7 6	56,724 7 5	+2,510 15 11

21. The increase in expenditure this year was on account of new dies and plates obtained for the use of the Manufactory and discounts paid to vendors owing to increased revenue by the sale of stamps.

22. The highest revenue realized was in 1897-98, namely, Rs. 8,26,308, and this year's result (Rs. 7,95,412) nearly approaches it. But for plague breaking out in 1898-99, the Stamp Revenue would have been in all likelihood far more satisfactory.

No. Fl. 1520-22, dated Bangalore, 7th April 1902.

Order thereon.—The stock on hand, including Foreign bill and Transfer labels, at the beginning of the year under report, was of the value of Rs. 24,26,213. This was supplemented by receipts from the Stamp Manufactory to the value of Rs. 12,40,912, raising the total receipts to Rs. 36,67,125 against Rs. 34,75,971 in the previous year.

2. The stock of Foreign bill labels at the beginning of the year 1900-01 as stated in the report differs from the figure given in the Statement No. 1. The difference of Rs. 43 should be clearly accounted for.

The issues amounted to Rs. 10,81,931 against Rs. 10,49,758, leaving a balance of the value of Rs. 25,85,194.

4. The revenue from Judicial stamps was Rs. 4,77,634 against Rs. 4,78,468, and from Non-Judicial stamps Rs. 2,81,479 against Rs. 2,41,571 in the year 1899-1900. The duty on documents presented at the Stamp Superintendent's Office for impressment of stamps amounted to Rs. 11,460 against Rs. 28,508 in the previous year. The large decrease has to be accounted for, by the fact that in 1899-1900 a deed of assignment sent by Messrs. Barclay, Orr and David, Solicitors, Madras, had been stamped with the value of Rs. 16,865.

5. The value of stamps issued to the Civil and Military Station was Rs. 46,276-12-0 or Rs. 12,018-14-0, less than in the previous year.

6. The gross revenue under the different heads of stamps was Rs. 7,95,412-5-11 against Rs. 7,74,705-14-8 in 1899-00. There was thus a small increase of Rs. 20,706-7-3.

7. The expenditure during 1900-01 was Rs. 56,724-7-5 against Rs. 54,213-7-6 in the previous year. The increase of Rs. 2,510-15-11 was on account of new dies and plates obtained for the use of the Manufactory at a cost of Rs. 4,005-3-9.

8. The net revenue amounted to Rs. 7,38,687-14-6 or Rs. 18,195-7-4 more than in the previous year.

9 The total value of stamps and water-mark papers received and in stock in the several districts was Rs. 14,92,092-7-9. Stamps and papers of value of Rs. 7,60,893-10-6 were sold during the year, leaving a balance of the value of Rs. 7,32,098-13-3 to be carried over to next year's accounts.

Letter No. 1836, dated the 3rd April 1901, from the Secretary to the Insurance Committee, bringing to the notice of Government, certain irregularities in the recovery of insurance premiums from G. Narasimha Iyengar, late schoolmaster at Seringapatam.

2. This office No 8797—Fl. 892, dated the 3rd May 1901, to the Deputy Commissioner, Mysore District. calling for a report on the above.

3. Letter No. 573, dated the 20th January 1902, from the Deputy Commissioner, Mysore District, submitting the report called for.

No. Fl.1470-1510, DATED BANGALORE, 3RD APRIL 1902.

ORDER THEREON.—G. Narasimha Iyengar, a schoolmaster at Seringapatam and holder of the Policy No. 1001, ceased to be in Government service in 1897. This was not reported to the Secretary, Insurance Committee, and in consequence the Policy-holder continued to pay premiums on his Policy till December 1899, the premiums being recovered not by means of deductions from the pay of the insured, which is the procedure prescribed in the case of the insured who continue to be in Government service, but by accepting money payments made irregularly. The Insurance Secretary, noticing the irregular payments, called upon the Amildar, in December 1899, to report whether the Policy-holder continued to be in service and if so, why the premiums were not regularly paid. The Amildar, in reply, reported that the Policy-holder was not in service but was practising as a Pleader. Thereupon the Insurance Secretary requested the Deputy Commissioner in his No. 1676, of the 5th April 1900, not to recover any more premiums from the said Policy-holder, as he had ceased to be in Government service and as he had not applied for permission under Insurance Rules to continue to pay premiums on his Policy. In spite of this request, the premium was again recovered in June 1900. The Insurance Secretary again wrote to the Deputy Commissioner calling upon him to intimate why the premium was recovered from the Policy-holder contrary to the instructions conveyed in his letter of April 1900. No reply was sent to the Insurance Secretary.

Subsequently, on 6th March 1901, the Policy-holder, G. Narasimha Iyengar, applied to the Insurance Committee for permission to pay premiums on his Policy once in six months. In granting this request, the Insurance Committee noticed the irregularities and referred the matter to Government for orders.

The Deputy Commissioner was thereupon requested to explain why the instructions of the Insurance Secretary were not attended to. The Deputy Commissioner submits an explanation from the Treasury Officer, who says that no intimation was sent from the District Treasury on the wrong impression that the instructions of the Comptroller were only applicable to the District Treasury and that the name of the taluk was not mentioned in the communication from the Insurance Secretary. The Treasury Officer's explanation is anything but satisfactory. The number of the Policy and the name of the Policy-holder were given by the Insurance Secretary. A reference to the statements received from taluks could and should have been made and the requisite instructions issued to the Amildar concerned. The Deputy Commissioner admits that the Treasury Department was at fault and reports that the official to blame has been fined.

The provision contained in Rule 26 of the Insurance Rules is clear and ought not to have been lost sight of in the case under notice. The initial mistake lay with the Amildar of Seringapatam Taluk, who, when he came to know that the schoolmaster had resigned his appointment, should have reported the matter to his official superior and solicited orders, and, in the absence of sanction from the Insurance Committee, ought not to have recovered any premium from the official concerned. His procedure has been most irregular and the Deputy Commissioner in the Treasury Department did not apparently take steps to rectify it, even when his attention was drawn to it by the Secretary to the Insurance Committee. The Amildar's explanation should be obtained and submitted for the orders of Government.

In future, whenever an official whose life has been insured quits the Government service for any reason whatever before the Policy in his favor has matured, the fact should be reported to the Secretary to the Insurance Committee by the head of the office concerned. In the instance in question the Treasury Officer, whose name must be reported, has rendered himself liable to be censured by Government.

Appeal No. 94 of 1897-98.

Appellants	*versus*	Respondent
1. Hotte Mallegauda 2. Sesha 3. Konda		Mr. K. Shamiengar, Agent and Manager of Sarvamanya Kudlur village, Channapatna Taluk.

Appeal against the order of the Deputy Commissioner, Bangalore District, directing the resumption of the Kerebandi Inam lands of Kudlur village, Channapatna Taluk, from the appellants and granting them to Ankugauda and two others.

Facts of the case.

On 5th August 1895, B. Ramaswamiengar, one of the vrittidars of Sarvamanya Kudlur village, represented to the Deputy Commissioner that the appellants, who were the holders of the Kerebandi Inams had allowed the Inam tank to fall into a state of utter disrepair necessitating the interference of the Public Works Department and requested that the Inam lands might be resumed from them.

2. The Amildar having reported that the appellants had neglected to maintain the tank, the Deputy Commissioner passed an order in September 1896 that the request of the vrittidars might be complied with. The appellants then applied for a review of the order, but after some enquiry the Deputy Commissioner rejected their application. Hence this appeal to Government.

Decision.

It is clear that in the case of a long standing Kerebandi Inam like the one under consideration, the Inamdar of the village has no right to dispossess a Service Inamdar holder of his land. If the Service Inam holder had failed to do the service for which the land was granted in Inam, it is open to the Inamdar of the village to have the Service Inam land brought under assessment following the rule applicable to such lands in Government villages.

Appeal No. 12 of 1901-02.

Appellants	*versus*	Respondent
1. Kasi Ram Hazari.		Sundra Ram Hazari.
2. Balaji Ram Hazari.		

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, appointing the respondent as shanbhog gumasta of Yadarur firkha, Srinivaspur Taluk.

Facts of the Case.

The two appellants and the respondent are the grandsons of one Keval Ram Hazari and the sons, respectively of three brothers Bala Ram Hazari, Nanda Ram Hazari and Anjana Ram Hazari. Kevala Ram was the original shanbhog of the four villages comprising the Yedarur firkha and on his death, disputes arose regarding the succession to the shanbhogi office. In their Proceedings No. 2578—53, dated 25th May 1891, the Government finally directed that the three brothers referred to above should arrange to nominate a gumasta to perform the duties of the office and that in default of such nomination, the Deputy Commissioner should appoint one of the hissedars or a stranger as gumasta. As the three hissedars did not agree in nominating a gumasta, the then Deputy Commissioner (Mr. Madiah) with the consent of all concerned, passed an order dated 3rd August 1891, to the effect that each hissedar should officiate as shanbhog by rotation for a definite period, *viz.*, (1) Kasi Ram Hazari for 3 years, (2) sons of Nanda Ram Hazari, for 2 years and (3) Anjana Ram Hazari for 1 year.

2. In November 1900, Sundra Ram Hazari, the respondent, applied to the Deputy Commissioner (Mr. Carr) for the cancelment of the above arrangement and for his being appointed as sole officiator. In May 1901, the Deputy Commissioner passed an order accordingly on the ground that the previous order dated 3rd August 1891, was opposed to Government Proceedings No. 11829-37—Pet. F. 35-94, dated 24th January 1895, ruling that in such cases, the person having the largest share should have the office and that the names of the other sharers should be entered in the registers. The person having the largest share in the present instance was Kasi Ram Hazari but the Deputy Commissioner declined to appoint him as officiator on the ground that he was also the patel of Yadarur.

Decision.

The Government are unable to approve of the Deputy Commissioner's order in this case. The Deputy Commissioner's order under appeal which cancelled the order of a former Deputy Commissioner ought not to have been passed without reference to Government and does not moreover comply with the requirements of Government Proceedings dated 24th January 1895, as the person having the largest share has not been appointed as officiator. The order appealed against will be reversed and the Deputy Commissioner's order dated 3rd August 1891, which appears to have been rightly passed under the circumstances will be restored.

Referred Case No. 6 of 1901-02.

Facts of the Case.

1. The Deputy Commissioner, Bangalore District, refers the following case for the orders of Government.

2. Gurusantaiya, patel of Ooyamballi village, Kankanhalli Taluk, having in June 1898, applied for kharab S. No. 83 (36 acres and 2 guntas) of the village for cultivation, the Amildar reported to the Assistant Commissioner in charge of the taluk that the land might be assessed and granted for cultivation. The Survey Superintendent to whom the papers were referred assessed the land at annas 8 per acre and requested that if the applicant agreed to pay the assessment fixed, the akarband might be returned to him for entering the assessment therein.

3. The Amildar to whom the Survey Superintendent's order was communicated in the usual course, issued a notification for the sale of the land by public auction. The sale which took place on 27th May 1901 was conducted by the Amildar and the land was knocked down to Thurlegauda, the highest bidder for Rs. 200, Gurusantaiya's bid being Rs. 191.

4. On the appeal of Gurusantaiya, the Asssistant Commissioner in charge of the taluk (Mr. D. M. Narasinga Rao), cancelled the sale on 27th August 1901, on the grounds that neither he nor the Deputy Commissioner had directed the sale and that the Survey Superintendent in his yadi to the Deputy Commissioner had merely called for a muchalika from the applicant agreeing to pay the assessment and directed that the land be made over to Gurusantaiya for Rs. 191 which was his bid at the sale.

5. Thurlegauda having appealed to the Deputy Commissioner against the above order, the latter reports that there are no grounds for the grant of the land to Gurusantaiya for an upset price, but as the land has been made over to Gurusantaiya, the sanction of Government is necessary before he can cancel the Assistant Commissioner's order.

Decision.

The action of the Assistant Commissioner was clearly wrong. He has been inconsistent in accepting Gurusantaiya's bid in preference to the highest bid of Thurlegauda. His order is accordingly set aside. Thurlegauda's bid will be accepted and the land made over to him. Government observe that if the Assistant Commissioner thought that the land should have been given to the original applicant without sale, he should not have called upon Gurusantaiya, the applicant, to pay the amount of his bid at the sale.

(3) Correspondence ending with letter No. 542, dated 11th March 1901, from the Deputy Commissioner, Kadur District, reporting on the above.

(4) Memo No. 1426, dated 20th March 1901, from the Deputy Commissioner, Bangalore District, submitting an application from Kesavaiya, now Amildar of Hoskote Taluk.

No. PET.—1928-30, DATED BANGALORE, 12TH APRIL 1902.

ORDER THEREON.—Complaints having been made to the Deputy Commissioner in January 1900, that Kesavaiya, Amildar of Mudgere Taluk, had cut and removed trees in private holdings without the consent of the holders, without payment of their value, and without proper licenses, the District Forest Officer was requested by the Deputy Commissioner (Mr. B. K. Venkatavaradaiengar) in his No. 2061, dated 25th January 1900, to enquire into the matter. The District Forest Officer reported on 8th May 1900, that three individuals from whose holdings trees had been cut and removed on behalf of the Amildar denied having received the price, two of them representing that the trees were cut without their consent, that the licenses had been issued not in the name of the Amildar, but in the names of his dafadar Budna Sabi and another Ramachandra Rao, that in the case of trees removed from coffee estates, the licenses had been issued by the Amildar, whereas, under the rules they should have been issued in the District Forest Office and that there were other irregularities connected with the issue of the licenses for the trees removed. The Amildar (Kesavaiya) on the other hand produced stamped receipts from two out of the three individuals who denied receipt of the value and explained that the licenses had been issued in the name of his dafadar for the sake of convenience, that he had obtained the permission of the Deputy Commissioner (Mr. Carr) to collect timber within the taluk for building a house at Sakrepatna and that, as regards the issue of licenses, the procedure adopted was the one followed in the taluk in other cases.

No orders were passed by the Deputy Commissioner (Mr. Carr) on the District Forest Officer's report which was received by him on 12th May 1900; but a complaint against the Amildar having subsequently been referred by the Conservator of Forests to the Deputy Commissioner, the latter replied under date 25th July 1900, that the matter might be dropped as the complaint was not proved.

2. Similar complaints made to Government against the Amildar having been referred to the Deputy Commissioner, the latter (Mr. Sparkes) reported in his reply No. 310, dated 15th November 1900, the facts as given above, whereupon a further report was called for on 4th February 1901, on certain points and Amildar Kesavaiya was directed to prosecute his maligners within three months.

The Deputy Commissioner (Mr. Sparkes) now reports in his letter dated 11th March 1901, that the Amildar's explanation of the irregularities in the issue of licenses is not satisfactory, that in his opinion the three individuals who denied receipt of the value of the trees had been paid the value, but that two of them had complained owing to its inadequacy and that Mr. Carr admits having permitted Kesavaiya to collect timber for building a house at Sakrepatna.

3. In the application read above, Kesavaiya states that his maligners are all men of no character and requests that the order directing him to prosecute them may be reconsidered.

4. The Government have given their best consideration to the facts of the case but are not satisfied that the Deputy Commissioner (Mr. Carr) exercised a proper discretion in giving verbal permission to the Amildar to buy and cart wood from his own taluk. Government consider that before giving permission, the Deputy Commissioner should have asked the Amildar to put down in writing what he proposed to do and then specified the terms and conditions on which permission was granted. Having granted a vague general permission orally, the Deputy Commissioner should have been more than ordinarily watchful as to how the permission was availed of and, when specific complaints of trees being cut on a large scale without the owners' leave and without payment to coolies, were made by complainants in their own names, he should have taken every step to see that his permission had not been abused.

5. As regards Kesavaiya, the Government are pleased to cancel the order directing him to prosecute the complainants, as no good is likely to come of a criminal prosecution at this distance of time. At the same time, the Government cannot exonerate him from having, on the strength of a verbal permission given by the Deputy Commissioner, allowed trees to be cut in and carted, for his own personal use, from the gardens of the raiyats of the taluk, in some instances without the leave of the owners and through the agency of his peons and orderlies. If the Amildar felt that he was acting under the permission given by the Deputy Commissioner, there was nothing to prevent his taking out licenses in his own name. As regards payment, the latest finding of the Deputy Commissioner is that some payment was made but that it was inadequate.

Government view Amildar Kesavaiya's action with displeasure and decide to place him at bottom of the list of Amildars of the 4th grade.

Appeal No. 24 of 1901-02.

Appellant	*Versus*	Respondents
Shanbhog Narnappa.		1. Kasappa. 2. Siddarama Reddi.

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, cancelling the sale to the appellant of S. Nos. 183 and 194 of Ooluvadi village, Chintamani Taluk.

Facts of the case.

On the application of the appellant Narnappa for the grant for cultivation of S. Nos. 183 and 194* of Ooluvadi village, Chintamani Taluk, the Amildar directed their sale by public auction. The sale was conducted by the shekdar on 23rd June 1900 and the lands were knocked down to the appellant, who was the highest bidder, for Rs. 1-8-0. The Amildar confirmed the sale on 13th July 1900.

*S. No.	Area. A.	g.	Assessment. Rs.	a.	p.
183 ...	1	7	7	0	0
194 ...	0	32	4	8	0

2. On 21st July 1900, the first respondent Kasappa complained to the Amildar that he was not aware of the sale, having been absent from the village at the time of sale, and that the price for which the lands had been sold was very low, and offered to bid Rs. 10 more if a second sale was held.

3. The Amildar reported to the Assistant Commissioner in charge of the taluk that he suspected that the shekdar had not given due publicity to the sale, and recommended the holding of a re-sale. The Assistant Commissioner approved at first of the Amildar's recommendation, but afterwards, on the petition of the appellant, declined to sanction a re-sale. On the appeal of Kasappa, the Deputy Commissioner cancelled the order of the Assistant Commissioner and directed the re-sale of the lands. In the re-sale held on 29th March 1901, S. No. 183 was bought by the 1st respondent for Rs. 52, and S. No. 194 by the 2nd respondent for Rs. 30.

Decision.

Government have no hesitation in setting aside the order of the Deputy Commissioner. There would be no finality or certainty in the Proceedings of Government if sales which had been conducted in conformity with rules were set aside because a particular individual complained that he was not aware of the sale, having been absent from the village at the time. Beyond a suspicion on the part of the Amildar that the sale may not have been conducted with due publicity and that the shanbhog-purchaser may have brought his influence to bear upon the land being knocked down to him much below its value, there is nothing in this case to show that there were any irregularities in the conduct of the sale.

2. The appeal is allowed and the lands ordered to be restored to the appellant.

No. 1940—P. F. 53-01, DATED BANGALORE, 14TH APRIL 1902.

Appeal No. 22 of 1901-02.

Appellant	*versus*	Respondent
Siddaramaiya.		Sivanna.

Subject.

Appeal against the order of the Deputy Commissioner, Chitaldrug District, appointing Sivanna to the pateli office of Talya and its Majre villages in the Holalkere Taluk and relieving the appellant of the duties of joint-patel of the said village.

Facts of the Case.

In 1865, Karianna, grandfather of the appellant, and Murigappa, uncle of the respondent, were appointed by the Deputy Commissioner to perform jointly the pateli duties of the said village, there being no competent member among the hakdar family. At the Pakka Potgi settlement in 1877, Ramajja, son of Karianna, was appointed patel of the Majre village of Talya, and Kenchappa, brother of Murigappa and father of the respondent, was appointed as patel of the Asli village of Talya,

but the duties of each were not defined either by locality or otherwise and they performed the duties jointly receiving the potgi in equal shares. On the demise of these persons in 1893 and 1888 respectively, their minor sons, the appellant and respondent, were registered as patels, gumastas being appointed to perform the duties during their minority.

2. In September 1900, the appellant who had attained majority was permitted by the Deputy Commissioner to perform the duties of joint-patel, and in April 1901 the appellant asked to be given possession of certain registers which were in the custody of the gumasta of the respondent, and requested that his duties might be clearly defined. The Deputy Commissioner observed that it was inconvenient to have two patels for one village and directed that the respondent who was the patel of the Asli village should also be the patel of the Dakhli villages.

Decision.

Neither the appellant nor the respondent is the representative of the original hakdars. On failure of competent male heirs to the pateli of the Asli and the Dakhli villages, the Deputy Commissioner appointed the uncle of the respondent and grandfather of the appellant jointly, to do the duties of patel. This was in 1865. This arrangement was continued at the time of the Potgi settlement, only the Deputy Commissioner appointed the father of the respondent as patel of the Asli village and appellant's father as patel of the Dakhli village. This was done as a matter of convenience and to satisfy the requirements of the Potgi Rules that there should be a separate officiator for each circle, but this was a clumsy way of meeting the difficulty. The survey records do not recognise a Dakhli and an Asli village, much less have the villages been constituted a separate circle.

2. Government think that the Deputy Commissioner has exercised proper discretion in appointing respondent sole patel for the whole village. The appellant can only have his name entered under the head of hadkars and he and his heirs will be entitled to succeed when respondent's line has been exhausted.

3. The appeal is rejected.

Appeal No. 19 of 1901-02.

Appellant	*Versus*	Respondents
Venkataramanaiya, minor, by guardian Krishnappa.		1. Venkatakrishnaiya. 2. Sinappa.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District, distributing under Government Order No. 3143-50—P. F. 33-98, dated 2nd November 1898, the five villages of which the appellant was the registered shanbhog, among the respondents and leaving no circle to the appellant under the distribution.

Facts of the case.

The appellant and the respondents belong to a family of which Dasappa was the common ancestor. In their Proceedings No. 3143-50—P. F. 33-98, dated 2nd November 1898, the Government ordered, on the appeal of Venkatakrishnaiya, that the smallest of the four shanbhogi circles belonging to Dasappa's family should be put in his possession under Rule XXIX of the Potgi Rules.

2. In proceeding to effect the distribution under Rule XXIX of the Potgi Rules, the Deputy Commissioner registered two circles in the names of Sinappa and Hariyappa, the descendants of the first branch of the family, one circle in the name of Venkatadasappa belonging to the second branch, and the remaining circle in the name of Venkatakrishnaiya belonging to the third branch.

3. The appellant Venkataramanaiya, who belongs to the second branch of the family, was, prior to the above distribution, the registered shanbhog of five villages which now form part of the circles in the possession of Venkatakrishnaiya and Hariyappa. He complains that the distribution made by the Deputy Commissioner has left him no circle.

Decision.

The distribution of circles made by the Deputy Commissioner is under the circumstances quite equitable.

2. Government decline to interfere.

Appeal No. 21 of 1901-02.

Appellant		Respondents
Surappa.	*versus*	1. Krishnappa. 2. Vasudevayya.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District, directing the registry of the shanbhogi offices of Lingenhalli and Tungoti circles of the Maddagiri Taluk in the names of the 1st and 2nd respondents, respectively.

Facts of the Case.

The shanbhogi office of Lingenhalli, Tungoti, Karamaradi and Brahmasandra circles in the Maddagiri Taluk was held by Srikantayya, father of the appellant. He died in 1895 leaving five sons of whom Lingappa is the eldest and the appellant the second son and an undivided brother Gundappa, father of the respondents. In April 1899, the Deputy Commissioner directed that the two circles of Lingenhalli and Tungoti should be registered in the name of Gundappa, the other two circles being registered in the name of Lingappa and that as the total potgi of the first group of two circles exceeded by Rs. 10 that of the second group of two circles, Gundappa should pay Rs. 5 annually to Lingappa.

2. Against the above order Surappa appealed to Government and urged that Gundappa had no right whatever to either of the two circles as he had become divided from his father and the two circles were his father's self-acquired property. The

case was heard by a committee of council who, in their decision dated 11th December 1900, directed the Deputy Commissioner to pass a fresh order so as to bring it in conformity with the provisions of Rule XXIX of the Potgi Rules.

3. In passing a revised order, the Deputy Commissioner gave one circle to each of the respondents, the Karamaradi circle to Lingappa and the Brahmasandra circle to Surappa.

Decision.

Government do not see reason to interfere with the distribution effected by the Deputy Commissioner.

2. The appellant's contention in the present case is that the villages assigned to Gundappa's sons, *viz.*, the respondents, were his father's self-acquired property and as such should go to himself and his brothers and that the respondents should not get any of the circles. But this contention is opposed to his own admission before this committee that his father and respondents' father were members of a joint family and also to the finding of the Deputy Commissioner in his Report No. 906, dated 30th May 1900, that the fathers of the parties were undivided.

3. The appeal is rejected.

Appeal No. 20 of 1901-02.

Appellant		Respondents
Hanumanta Rao.	*versus*	(1) Venkatamma, (2) Basappa.

Subject.

Appeal against the order of the Deputy Commissioner, Bangalore District, cancelling the sale for arrears of revenue of Survey No. 40 of Abbigere village, Bangalore Taluk.

Facts of the Case.

Survey No. 40, of Abbigere village, Bangalore Taluk, is registered in the name of Abraju Munisami (reported to be dead) the person in actual possession being the first respondent Venkatamma. For arrears of land revenue due on the land for the year 1900-01, notices of demand were served on Venkatamma and the second respondent Basappa, to whom the land had been mortgaged in 1895. On their default to pay the assessment, 2 acres out of Survey No. 40, assessed at Rs. 20. was declared forfeited by the Assistant Commissioner in charge of the taluk and the sale was fixed for the 24th June 1901. During the sale, the Amildar marked off only 1 acre and 11 guntas for sale and knocked it down to the appellant who was the highest bidder, for Rs. 60. The Assistant Commissioner confirmed the sale on 8th August 1901.

Area.		Assessment.
A. g.		Rs. a. p.
3 38	(garden) ...	39 0 0
1 34	(dry) ...	2 0 0
0 19	(kharab) ...	.....
6 11		41 0 0

2. On the appeal of Basappa, the Deputy Commissioner cancelled the sale on the grounds that no attempt had been made to serve a notice of demand or forfeiture on the registered occupant or his representative and that in subdividing the land, the Amildar had not consulted the wishes of the representative of the registered

occupant or of other persons claiming an interest in the land. As however the land has been placed in the possession of the appellant, the Deputy Commissioner requests the sanction of Government to carry out his order by evicting the appellant.

3. Hanumanta Rao appeals to Government against the Deputy Commissioner's order and contends that the grounds assigned by the Deputy Commissioner for cancelling the sale are not valid.

Decision.

The forfeiture and sale of a portion of the holding in question before actual subdivision was wrong and Government are of opinion that this was a material irregularity which caused substantial loss to the person having a proprietary interest therein. Apart therefore from the other irregularities referred to by the Deputy Commissioner, and into the merits of which there seems no necessity to go, Government consider that the Deputy Commissioner has rightly arrived at the conclusion that the sale ought to be set aside and that he was himself competent to deal with the case without making a reference to Government and soliciting their order, Rule XX of the old Revenue Rules not applying to cases of this description but applying only to lands applied for, for cultivation.

No. 1969—P. F. 55-01, DATED BANGALORE, 21ST APRIL 1902.

Copy of the above is forwarded to the Deputy Commissioner, Bangalore District, together with the records received with his letter No. 643, dated 3rd December 1901.

Subject.

Appeal against the decree of the Deputy Commissioner, Kolar District, dismissing the plaintiff-appellants' suit for the recovery of the shanbhogi offices of the three circles of Arur, Chokanahalli and Nandinaganahalli, Chikballapur Taluk.

Facts of the Case.

In January 1896, the plaintiff-appellants brought a suit for the recovery of the shanbhogi offices of the four circles of Arur, Chokanahalli, Nandinaganahalli and Kutnahalli from the respondents (1st and 3rd defendants) and another Mahalakshamma (the 2nd defendant). The plaintiffs alleged that they were the sthala shanbhogs of the circles in question, while the defendants were the Sirkar shanbhogs, that the right of sthala shanbhogs was superior to that of Sirkar shanbhogs and that in his Proceedings No. 2664-65—272, dated 29th November 1878, the Chief Commissioner had directed that the arrangement made by the Divisional Commissioner in 1877, under which the defendants' predecessors in title obtained the shanbhogi offices of the villages comprised in the four circles was liable to revision on the introduction of Survey Settlement.

The respondents who were in possession of all the circles excepting Kutnahalli pleaded *inter alia* that the suit was barred, while Mahalakshamma (the 2nd defendant) pleaded that she held the Kutnahalli circle under a Government Order dated 13th August 1896, and that the plaintiffs had no right thereto.

(2) The Sub-Division Officer, who tried the case, held that the suit was not barred as the cause of action arose in 1891, when the pakka potgi was fixed, decreed the claim of the plaintiffs to the circles of Arur, Chokanahalli, Nandinaganahalli and dismissed their claim to the circle of Kutnahalli.

On appeal, the Deputy Commissioner (Mr. A. Rangasamaiengar) held that the suit was barred, as the 1st and 3rd defendants had been in possession of the three shanbhogi circles ever since 1877, and as, in his opinion, the Chief Commissioner's Proceedings, dated 29th November 1878, which contemplated but did not render compulsory a revision of the distribution at the Survey Settlement, did not help the case of the plaintiffs. He accordingly dismissed the suit.

On appeal, the Government held that the cause of action in this case arose on the introduction of kacha potgi in 1885, and remanded the appeal for re-disposal (*vide* Proceedings No. 1308—P. F. 24-99, dated 12th August 1899.

(3) The Deputy Commissioner, Mr. Carr, found that the circles of Arur and Chokanahalli and the circle of Nandinaganahalli had been in the uninterrupted enjoyment of the family of the 1st and 3rd defendants either as Sirkar or ordinary shanbhogs for 100 and 56 years respectively, whereas the plaintiffs' family had only held the sthala shanbhogi of Arur from 1844 to 1875, and of Chokanahalli and Nandinaganahalli from 1855 to 1875. He accordingly held that the suit was barred and dismissed it.

Decision.

The decision of the Deputy Commissioner is correct. The respondents' right is based on long possession and cannot be questioned after this lapse of time.

2. Appeal rejected.

FOREST

Proceedings of the Government of Mysore,

READ—

Correspondence ending with docket No. 456, dated the 24th February 1902, from the District Forest Officer, Mysore, to the Conservator of Forests in Mysore, resubmitting a list of roads, cart-tracks, foot-paths etc., allowed for the use of the public in the Chamrajnagar State Forest of the Mysore District.

The following is a list of roads, cart-tracks and foot-paths open for the use of the public in the Chamrajnagar State Forest, the boundaries of which were notified in Notification No. 3573 —Ft. F. 166-95, dated the 19th October 1896, and referred to in Notification No. 417—Ft. F. 15-1900, dated 7th January 1901.

(1) Chamrajnagar-Hasnur high road 13½ miles. It enters the State Forest at the 134th mile 4th furlong and passing through Ombah Hunse, Godimadu, Kumbargundi, Punjur, Arekadu and Karipalya terminates at the frontier.

(2) Punjur Attikhan ghat road 16 miles. This road branches at one furlong to the east of Punjur nusafirkhana and going along the slopes of Punjur hills, passes through Kurimanhani, the western slopes of Karayanbetta, Anekoppa, Kabbingadde, Huligaddehalli, Bedaguli, eastern boundary of Mr. Morris' coffee estate and Mascal.

(3) Talwadi road runs for a mile through the State Forest. At Guntapur it enters the Honagaudanhalli jungle and passing through British forests joins the Hasnur road near Kumbargundi at the 140th mile.

(4) Cart-track, 20 feet wide, commences at the 137th mile and 6 furlongs to Kullur and to Channanjeswara temple, 3 miles in length.

(1) Government Proceedings No. 6817-26—Ft. F. 53-95, dated 24th March 1900, passing orders regarding the reorganization of the Forest Executive, Protective and Office establishments in the State.

(2) Government Proceedings No. 1761-2—Ft. F. 53-95, dated 24th August 1900, fixing the daily batta to be drawn by Rangers and Foresters.

(3) Government Proceedings No. 3502-3—Ft. F. 53-95, dated the 27th October 1900, specifying the Malnad Ranges for which fixed travelling allowances were sanctioned.

(4) Note dated 9th September 1901, by the Conservator of Forests in Mysore and Secretary to Government in the Forest Department, suggesting a re-consideration of the matter so far as it relates to the daily batta and allowances to Rangers and Foresters, in view to the issue of a consolidated order on the subject.

No. 698-706—3591-9, DATED BANGALORE, 10TH APRIL 1902.

ORDER THEREON.—Government observe that much uncertainty, and in some cases even hardship, have been occasioned by each reference having been disposed of by Government as brought up instead of the whole question being comprehensively considered and dealt with. They are therefore pleased to sanction the following

rates of daily batta and allowances to Rangers and Foresters in modification of the Orders quoted above and of Proceedings No. 1524-5—Ft. F. 14-96, dated the 10th August 1896 : —

(*a*) Rangers will draw daily batta at Re. 1 in Maidan and Rs. 2 in Malnad, the Malnad Ranges being those specified in Government Proceedings No. 3502-3—Ft. F. 53-95, dated 27th October 1900.

(*b*) Rangers will draw horse allowance at Rs. 15 in Maidan and Rs. 20 in Malnad, proportionate deduction being made from this allowance for the period for which daily batta is drawn.

(*c*) Foresters when placed in charge of Ranges will draw, whether in Maidan or Malnad, a consolidated allowance of Rs. 20 per mensem.

(*d*) Foresters not in charge of Ranges will draw 4 annas in Maidan and 8 annas in Malnad.

2. This order will have effect from the 1st of this month.

1. Government Proceedings No. 2985—Ft. F. 5-99, dated 10th October 1899.

2. Note dated 9th July 1901, by Mr. J. L. Pigot, late Conservator of Forests and Secretary to Government, Forest Department, setting forth the necessity for revising and reducing the existing rates of seigniorage levied on bamboos removed by purchasers from Government forests and proposing revised rates for sanction.

No. 713-21—3659-67, DATED BANGALORE, 14TH APRIL 1902.

ORDER THEREON.—It has been brought to the notice of Government that the rates on bamboos now levied by the Forest Department are not uniform and that in some cases they are not only very high, but also practically prohibitive, the result being that while a vast supply is left to rot in the local forests, the demand is largely met by bamboos imported from outside the State, and that the people are inconvenienced and the Government Revenue suffers thereby.

2. Government are of opinion that it is necessary to revise and reduce the existing rates so as to make them accord as far as possible with the prevailing market rates. They observe that Mr. Pigot's proposals have been carefully considered.

3. A notification as hereunder, containing revised seigniorage rates on bamboos as now approved and sanctioned, will be published in the *Mysore Gazette.*

4. Where minimum and maximum limits in the seigniorage rates now sanctioned have been fixed as regards certain kinds of bamboos in the Shimoga, Kadur and Hassan Districts, the Deputy Commissioners of the Districts concerned will consider and decide from time to time whether a rate above the minimum should be applied for special forests or localities, having regard to the sources of supply and demand. In respect of indents from traders for very large quantities, the Conservator of Forests is given discretionary power to accept tenders at rates below the fixed minima.

7. *A foot-path.*—From Chilandadi to Hudle, 4 feet wide and 2 miles in length, and open for people and cattle. It enters the forest about 40 yards from the nalla running through Survey No. 3 of Chilandadi and ends with the forest.

8. *A foot-path.*—From Chilandadi to Motanakatte and thence to Haira 2 yards wide and 9 miles in length, and open for cattle and people. It enters the forest as noted in item No. 7 branching in the forest and ends within it.

9. *A cart-track.*—From Helagahalli to Hegganur 3 yards wide and 2 miles in length, and open for people and cattle. It enters the forest about 2 furlongs from the south-east corner bandhs of Survey No 102 of Helagahalli and leaves it near the eastern boundary bandhs of Survey No. 42 of Hegnur.

10. *A cart-track.*—From Hegnur to Bommasandradoddi 3 yards wide and about 3 miles in length, and open for people and cattle. It enters the forest about 50 yards to the south from the south-east corner bandhs of Survey No. 64 of Hegnur and ends within the forest.

11. *A foot-path.*—From Hegnur to Virasandra, 2 yards wide and 3 miles in length, and open for people and cattle. It enters the forest at about 30 yards from the north-west corner bandhs of Survey No. 19 of Hegnur and ends within the forest.

12. *A foot-path.*—From Hegnur to Sangama, 3 yards wide and about 6 miles in length and open for people and cattle. It enters the forest about 3½ furlongs from the south-east corner bandhs of Survey No. 19 of Hegnur and ends within the forest.

13. *A foot-path.*—From Bennagodu to Sangama, 2 yards wide and about 5 miles in length and open for people and cattle. It enters the forest about the south-west boundary of Survey No. 12 of Bennagodu and ends within the forest.

14. *Ways* to the undermentioned *shrines* will be admitted as follows for the use of worshippers and others :—

Name of the shrine.	Situation.	Access to the shrine.
(*a*) Padadare	Situated about 6 miles south of Buhalli.	By a foot-path, 11 yards wide, open for people and cattle, commencing near Sornanakere tank of Buhalli.
(*b*) Muttati in Basavanbetta forest.	Situated on the bank of the Cauvery river about 2½ miles from Padadare.	By a foot-path, 11 yards wide up to the bank of the Cauvery river, and 2 yards wide thence to the temple passing through Basavanbetta forest.

15. Particulars of *water-supplies* the use of which it is proposed to allow in the State Forest :—

(*a*) Naganamadu on the way from Buhalli to Padadare.

(*b*) Masalemadu at the foot of the Hommalaga hill.

(*c*) Settrakere near Chilandadi.

(*d*) Vastyhalla on the way from Chilandadi to Haira.

(*e*) Cauvery river forming the southern boundary of the forest.

BANANTIMARI.

1. *A foot-path.*—From Tamasandra to Kutaganahalli, 2 yards wide and about 2½ miles in length and open for people and cattle. It enters the forest at a distance of 50 yards from the junction bandhs of Survey Nos. 200 and 79 of Tamasandra and leaves it at a distance of 2 furlongs from the south-west corner bandhs of Survey No. 95 of Kutaganahalli.

2. *A cart-track.*—From Kutaganahalli to Nurhalli, 3 yards wide and about 2½ miles in length, and open for carts, cattle and people. It enters the forest at a distance of 3 furlongs from the south-east corner bandhs of Survey No. 95 of Kutaganahalli and leaves it near the south-east corner bandhs of Survey No. 57 of Nurhalli.

3. *A way* to the undermentioned *shrine* will be admitted as follows for the use of the worshippers :—

Name of the shrine.	Situation.	Access to the shrine.
Banantimari temple ...	At the foot of the rocky hill situated at a distance of about 2 miles from Kutaganahalli.	By a foot-path 1 yard wide open for people only. It enters the forest in Survey No. 95 of Kutaganahalli running north to a length of a mile to the shrine. Also by another foot-path 1 yard wide and a mile in length near Siddegaudankere by the side of demarcation line.

MUGGUR.

1. *A foot-path.*—From Muggur to Honaganahalli, 2 yards wide and 3 miles in length and open for people and cattle. It enters the forest about 4 furlongs from the north-east corner bandhs of Survey No. 35 of Muggur and leaves the forest about 10 yards from the south-east corner bandhs of Survey No. 17 of Honaganahalli.

2. *A foot-path.*—From Muggur to Halkuli, 2 yards wide and about 5 miles in length and open for people and cattle. It enters the forest about a furlong from the north-west corner bandhs of Survey No 35 of Muggur and leaves the forest midway between the boundary of Survey No. 70 of Arakoppa.

3. *A foot-path.*—From Muggur to Irlapodu, 2 yards wide and 6 miles in length and open for people and cattle. It enters the forest 2 furlongs from the north-east corner bandhs of Survey No. 35 of Muggur and leaves the forest near the south-west corner bandhs of Survey No. 32 of Irlapodu.

4. *A foot-path.*—From Muggur to Mahalli, 2 yards wide and 7 miles in length and open for people and cattle. It enters the forest 3 furlongs from the nalla running through Survey No. 35 of Muggur and leaves the forest 2 furlongs from the north-east corner bandhs of Survey No. 18 of Mahalli.

5. *A foot-path.*—From Mahalli to Sangama *via* Keggedoddi, 2 yards wide and 4 miles in length and open for people and cattle. It enters the forest 2 furlongs from the south-west corner bandhs of Survey No. 23 of Mahalli and ends in the forest.

6. *A foot-path.*—From Mahalli to Arakoppa, 2 yards wide and 5 miles in length and open for people and cattle. It enters the forest 30 yards from the north-west corner bandhs of Survey No. 31 of Mahalli and leaves the forest 3 furlongs from the south-west corner bandhs of Survey No. 13 of Arakoppa.

7. *A foot-path.*—From Sivanegaudandoddi to Sangama, 2 yards wide and 6 miles in length and open for cattle and people. It enters the forest 30 yards from the north-west corner bandhs of Survey No. 13 of Arakoppa and ends within the forest.

8. *A foot-path.*—From Arakoppa to Bhoomenahallidoddi, 2 yards wide and 4 miles in length and open for people and cattle. It enters the forest as noted in item No. 7 and branching in the forest ends within it.

9. Particulars of *water-supplies* the use of which it is proposed to allow in the forest :—

No. 729-36—3777-84, dated Bangalore, 21st April 1902.

Order thereon.—Approved; the list will be notified by the District Forest Officer in the official Gazette and in the neighbourhood of each of the forests concerned.

2. A sketch of the forests concerned showing the ways and water-courses proposed to be allowed to the public, should have been submitted to Government for perusal. The omission should be supplied as early as possible. In future, such sketches should invariably be submitted for the information of Government.

The Deputy Commissioners of other Districts.

No. 745-52—3879-86, DATED BANGALORE, 24TH APRIL 1902.

ORDER.—The attention of the Government has been drawn to the increased number of reported cases of damage to sandalwood trees growing in occupied lands. The necessity for the rigorous enforcement of the existing rules for the protection of sandalwood has frequently been impressed upon the Officers of the Revenue and Forest Departments concerned. Latterly the issue of the Forest Regulation having somewhat altered and improved the means previously available for the protection of the tree, Government desire to bring the question of the conservation of sandalwood trees growing in private lands prominently before the Deputy Commissioners and their Forest Assistants.

2. The importance of obliging occupants or holders to promptly report all cases of injury is obvious, whether the injury has been committed by, or at the instance of, the occupant or holder himself or by another person without his knowledge. Under Section 73 (1) of the Forest Regulation, failure, on the part of every occupant or holder of land, to report *at once* the fact of any injury arising from whatever cause to any sandalwood tree growing on his land is an offence which is punishable under the appended rule issued under Section 76. Apart from any penalty which may be imposed upon an occupant or holder in connection with Section 73 (1), compensation, on account of failure to report the injury done, may in certain circumstances, be levied under Section 73 (2). The operation of the two sub-sections should not be confounded. But if a person has been punished for failure to report injury, compensation for injury committed should not also be ordinarily demanded from him merely because of such failure.

3. What is principally important is that occupants and holders, including inamdars and their tenants, should be made aware of their responsibilities under the Regulation and that failure to promptly report injury to sandalwood trees should be effectually punished. If this be done, wilful injury will inevitably become less frequent. Deputy Commissioners are accordingly requested to give the fullest effect to these orders and to afford to them the widest possible publicity through the Amildars of Taluks and otherwise.

Subsidiary Rule under Section 76 of the Forest Regulation.

NOTIFICATION.

No. 753—3887, dated 24th April 1902.

The Government of Mysore are pleased to make the following rule under the provisions of Section 76 of the Mysore Forest Regulation, No. XI of 1900.

"Any occupant or holder of land who fails to at once report in writing to the Amildar or shekdar of the taluk or hobli concerned, the fact of injury, arising from whatever cause, to any sandalwood tree or trees growing upon his land, shall be liable on conviction before a competent Magistrate to fine which may extend to two hundred rupees."

Correspondence ending with docket No. 1694—1414, dated the 18th October 1901, from the Deputy Commissioner, Kolar District, to the Conservator of Forests in Mysore, on the subject of issuing free passes to take fuel for manufacturing jaggory.

(2). Notes, dated 18th November 1901, and 3rd January 1902, by Mr. J. L. Pigot and Mr. M. Muthannah, Conservator of Forests and Officiating Conservator, respectively, on the same subject.

No. 755-62—3943-50, DATED BANGALORE, 28TH APRIL 1902.

ORDER THEREON.—In the Dasara Representative Assembly held in October 1899 a Member from Kolar requested that raiyats may be allowed to take fuel for the preparation of jaggory without their having to take out a license therefor. The Member was informed that the matter would be referred to the Deputy Commissioner for disposal under para 9 of Notification No. 1483, dated 25th October 1888.

2. It has been represented both by the late and present Officiating Conservators of Forests that the present practice by which people are permitted to remove from District Forests fuel without let or hindrance for jaggory-manufacture and arecanut-boiling allows of great destruction of fuel trees, and that the persons engaged in this business should be treated as ordinary traders for the purpose of levy of seigniorage rates. It is reported that in the Madras Presidency these industries are not classed as agricultural for the purpose of Rule 9 of the Rules framed under Section 35 of the Mysore Forest Regulation; and that fuel removed for the purpose is taxed in the same way as that removed for sale.

3. The privilege of removing fuel by sugarcane juice boilers free of charge has been long recognized in the State, but it is believed to have been greatly abused, so much so, that in many places the people have been forced to resort to the State Forests to obtain their supplies by reason of the complete denudation of the District Forests. In order to save these District Forests from further deterioration and in the interests of those who do not pursue the lucrative industries referred to, it seems necessary to impose certain restrictions upon the exercise of this privilege. The most effective remedy would be to treat the jaggory-manufacturers and arecanut-boilers as ordinary traders and to levy the usual dues on the fuel consumed by them, as in Madras. Before, however, introducing so sweeping a change, the Government would desire to have the views of the Deputy Commissioners in the matter, which they are requested to submit as early as possible.

PUBLIC WORKS

Proceedings of the Government of Mysore,

READ—

The following papers on the estimate for the Mysore Palace Reconstruction :—

(1) Note, dated 4th March 1902, by the Chief Engineer.

I forward herewith an estimate amounting to Rs. 23,92,992 for the construction of that portion of the Mysore Palace which was destroyed by fire in 1897, to which must be added Rs. 1,00,000 for electric lighting, bringing the total to Rs. 24,92,992, or say 25 lakhs of rupees.

For a long time past, I have been calling for this estimate, and several attempts were made to prepare one, but the figures could not be relied on. In fact, even now it is not quite certain that the estimate can be depended upon as regards all the items, though I feel sure that the total cost will not exceed 25 lakhs, as far as the work of this Department is concerned.

The general design was prepared by Mr. Irwin, C.I.E., and work commenced on that design, but as many of the detailed drawings were not received till some time afterwards, no accurate estimate could be prepared. Some of the working drawings for the upper portion of the building are not yet received. In Mr. Irwin's design, there was an immense quantity of carved stone, and this could not be estimated for, and it is only now that a correct estimate of the cost has been worked out, and I am glad to say that the carving now being done is far superior to that done at first and costs no more. There is also a large quantity of carved sandal-work and inlaid wood-work, the cost of which it was impossible to estimate without experience.

Rupees 25 lakhs is a large sum, but not by any means excessive for the work as it is now being done, and I would strongly deprecate any attempt to finish off the work in a less artistic style.

The building will, I consider, be about the finest in the whole of India, and its construction will have been of vast benefit to the State, as it will have revived many lost arts and introduced others from different parts of India.

At the time when it was proposed to substitute stone for iron, I was against the proposal and I gave it as my opinion that if constructed of stone it would cost 25 lakhs and take five years or more to construct. I was right in this estimate, but now that I see what a magnificent building it will be I feel sure that the time and money will have been well spent.

As regards the decorations of the interior of the rooms, this cannot be estimated with any accuracy as it may be made to cost any amount, and the only way will be to fix a limit that is not to be exceeded.

The electric lighting is another item that may cost any amount according to the kind of fittings, provided electroliers can be got costing hundreds of pounds. A limit should therefore be fixed in this case also, and I think that limit should be one lakh of rupees.

I will write you a separate note regarding the stone cutting and polishing machinery.

(2) Letter, dated 3rd March 1902, by the Superintending Engineer, Western Circle.

I have the honor to forward an estimate of the probable cost of reconstructing those portions of the Mysore Palace which were destroyed by fire on the 17th February 1897. The estimate, as now submitted, amounts to Rs. 23,92,992, but at least Rs. 1,00,000 should be added to this, to provide for electric lighting. This would bring the total to Rs. 24,92,992, say Rs. 25,00,000.

2. The delay in submitting this estimate, which is the first detailed one which has been drawn up since the construction of the building was altered from iron to stone, is due to the fact that it was impossible with the limited experience available regarding the resources of Mysore in building materials and labor to settle the architectural details of the building.

3. The Architect, Mr. H. Irwin, C.I.E., first drew up general plans of the building, the details, however, could not be settled at once, nor the rates, and it is only to-day after nearly two years' experience that Mr. Raghavalu Naidu, the Executive Engineer in charge of the work, considers himself to be in a position to definitely state the cost of the various items of work which are comprised in a building, such as the Palace now under construction.

4. Mr. Irwin is still occupied in preparing detailed drawings of certain of the upper portions of the building; and as for the decorative features, these are being developed from day to day as the skill and art of the work people constructing the building advance.

5. Regarding the highly elaborate stone carvings and decorative designs now being carried out, I would point out that, in Mr. Irwin's plans, designs cut in stone are freely employed throughout the building and occupy practically all plane surfaces. These designs have not actually been followed out by the Executive Engineer inasmuch as they have been replaced by more appropriate carvings, representing historical and allegorical subjects; at the same time the cost of executing these designs has not entailed any extra expenditure. I also

feel that all those officials who are interested in the building fully approve and sympathise with Mr. Raghavalu Naidu in his endeavours to render the building a unique one and at the same time to execute the work at an extremely low rate.

6. After a careful inspection of the building, I have come to the conclusion that Mysore is now undertaking a work which in itself will revive many of what may be called the lost arts of Southern India. The carving in stone and wood which is now being carried out is improving from day to day, and will form when completed a monument of art which will serve to inspire and elevate the ideas of future generations.

7. Under the circumstances, I strongly recommend that Government should sanction the carrying out of the work on the lines on which it has so far progressed and that Mr. Raghavalu Naidu, the Executive Engineer in charge, should be encouraged and assisted in every way in developing the various arts and industries called into requisition in carrying out this unique building.

8. Mr. Raghavalu Naidu's report accompanying the estimate, enters very fully into details which obviates the necessity of my doing so. I would, however, specially draw your attention to his request for machinery to saw and polish stone. It is a revelation to Mysoreans to discover what a multitude of different kinds of building stone exists in the State—stone capable of being worked and taking a polish which fully equals that of the best European quarries.

9. If this machinery is purchased at once, I feel that before the Palace is completed there is every probability that a new industry will be established in Mysore, and that private companies will be engaged in filling orders for polished stone throughout Southern India. The cost of the machinery proposed is small, some Rs. 5,000. The saving effected by using steam driven machinery in place of hand labor should result in a gain of two or three times this sum during the construction of the Palace.

(3) Report, dated 20th February 1902, by the Executive Engineer, Palace Division.

Reconstruction of a part of the Palace at Mysore is taken up in hand, on account of the whole of the old Sujji or Durbar Hall, the Balakana, the Library and Armoury Block, the verandah round the open court yard, and the Ambavilas having been burnt down by the disastrous fire that broke on the 17th February 1897.

The plan No. 1 accompanying gives the old Palace with its rooms. The old Sujji or Durbar Hall measured 95 by 36 or 3,420 square feet, the Balakana 86 by 35 or 3,010 square feet, the Library and Armoury Block 38 by 95 or 3,610 square feet, and the open court yard with the verandah 120 by 106 or 1,270 square feet, with a covered octagonal pavilion of wood 45 feet in diameter. As per wishes of Her Highness the Maharani-Regent, the reconstruction is carried out exactly under the old "Mantapam" or "Colonade" design, with the dimensions of halls increased. The present Sujji or Durbar Hall measures 152½ by 45 or 6,862·5 square feet, the Marriage Pavilion or Balakana 108¾ feet by 91½ feet or 9,835·5 square feet, three stories high, instead of the old two stories and open court yard with verandah or gallery 122 feet by 108¾ feet or 13,267·5 square feet. The front line of the reconstruction is exactly over the old front line and the main entrance stands exactly where the old Anebagal was. But the structure was extended 31 feet towards north, on account of the dimensions of the principal parts having been increased.

In the case of Ambavilas which was completed just before the fire, all the wooden flooring and door and window frames were burnt down; the glass roof was destroyed, some of the steel joists got out of shape, and a few of the iron castings and all the monolithic stone pillars in the ground floor cracked under the intense heat of the fire.

The main cause for the rapid spread of the fire which within quarter of an hour became uncontrollable, and for the destruction of the Palace, was the rotten condition of wood and other combustibles, which formed the closely connected frame work of the structure. It was therefore decided that the reconstruction be fire-proof and be of iron, over a stone or brick basement. The design was accordingly prepared by Mr. Henry Irwin, C.I.E., the Architect. The foundations were built up for nearly the whole of the structure, and basement for the front facade was also constructed, when a proposal for substitution of stone to iron was made. After certain discussion, stone was adopted for the whole, excepting the Marriage Pavilion, which was allowed to be of iron design. The weight on foundations having increased on account of the substitution of stone, nearly the whole of the foundation was removed and rebuilt deeper and wider. The old foundation cost Rs. 37,803 and the removal and new foundation Rs. 21,302, making a total of Rs. 59,105.

The foundation was in all places taken to a few feet below the soft rockish soil met. During excavation, several deep grain and latrine pits, and a deep pond with fine dressed stone steps and rooms were found. These were all carefully examined, the fillings removed, and foundations taken into the solid soil below the pits and the pond. The trenches were made wide enough that at no place the weight calculated is over 3 tons per square foot.

The structure is designed in Indo-Saracenic style in keeping with the surroundings. In the adoptation of details, the Indian features of the style are consistently accentuated to suit it to a Hindu Sovereign. It has fine and effective facades in front or east, and in the north. On the west, it is joined on to the old blocks of the Palace. On the south, the Ambavilas restoration has a good facade. In the centre of the front facade a majestic cupola 125 feet high is designed ranging with clusters of domes on sides at different heights, in the place of the old poor Mantapam tower 90 feet high. The ends of the facade are finished with fine towers 88 feet high.

The foundations were filled at bottom with thick layers of concrete and with stone masonry. The largest portion of the stone was obtained from Chinkurli near French Rocks. For the basement, polished blocks of Seringapatam porphyry and slabs of Chinkurli and Kulnathpur were used. In the superstructure, for the pillars and slabs below them, porphyries of Chanundi Hills and Seringapatam, trap of Turuvekere, and granites of Bangalore and Bettad Alsur, have been used, in such combination and order as to get best effect from the polished surfaces of porphyries and granites. The famous Turuvekere trap, which lends itself to the finest carvings with thin edges, has been used for bases, capitals and carbels with elaborate carvings. Every niche in the carbels and pillars or pillasters, is filled with pannels and exquisitely carved figures, scrolls and creepers of very fine designs in the Turuvekere trap and pot stones of Mysore Taluk. The arches, skew backs for the cement concrete domed terraces, face walls etc., are built of stones of Chamundi, Kulnathpur, and Sravanagudda quarries. A small quantity of stone specially for ashlar masonry was obtained also from Bangalore. There is not a single good burnt stone quarry within 20 miles of Mysore. Several quarries were tried, not less than half a dozen, but given up, on account of very thin, and very irregularly thick layers of slabs obtained after an unproportionately large outlay on fuel. For these reasons, unburnt stones have been used and the rates worked out are high.

For use in the form of dados, panels and friezes for the interior finishings of the walls and on the floor pavements, 13 varieties of local stones have been lately collected, which increase to 30, when the shades of colors of each variety are taken into account.

The north and south blocks consisting of Library rooms and Ambavilas, are built in brick specially made, and with stone in a few places.

The Marriage Pavilion is of iron, with stone gallery on all sides. The estimate submitted herewith amounts to Rs. 23,92,992, as detailed below :—

These estimates for foundations and basement, for nearly all the items of work in the ground floor and for over one-half of the number of items in the 1st floor, give the rates at which the works have been actually carried out. For works in hand and those not started as yet, rates have been fixed from the experience gained by observation and study. In the case of decorations and the tasteful interior finishings of halls and rooms, the provisions made are but rough. They have to be approved and revised by the Architect. Estimates for domes over the north and south towers and for all the floors and domes of the central cupola above the 2nd floor, are also approximate, inasmuch as working and enlarged drawings for these portions are due from the Architect and the kind of stones to be used is not decided in all cases.

By comparison of the rates for work carried out before August 1900 with those for the same work done since, it will be seen that works are being carried out at comparatively cheap rates.

Here are a few instances :—Chamundi stone shaft cost Rs. 10 per cubic foot, *vide* item No. 5 of estimate for porch No. 3. It is now carried out for Rs. 7, *vide* item No. 6 of the same estimate.

Porphyry stone shafts cost previously Rs. 12 per cubic foot, *vide* item No. 3 of estimate No. 4. It had been carried out at Rs. 10 per cubic foot and is now being carried out at Rs. 9, *vide* item No. 5 of estimate No. 13.

Turuvekere stone elephant capitals cost Rs. 12 per cubic foot, and is now being worked out at Rs. 10-8-0, *vide* item No. 7 of estimate No. 4.

The arches in Chamundi stone cost Rs. 12 per square foot or Rs. 8 per cubic foot, *vide* item No. 15, in the estimate No. 4 of the Durbar Hall ground floor. The same arch work has been actually executed at Rs. 7-8-0 per cubic foot in the 1st floor.

The arches which are under preparation for the porch are given out at Rs. 6-8-0 per cubic foot on task.

These rates are not however low, and are due to the great difficulty of working in Chamundi stone. The grains are unfortunately very big and very hard. A hard hit breaks off by pieces. On this account, in the 1st operation of reducing the blocks of stone to the form required, they have to be made 1½ inches bigger in dimension than actually required. In the next or 2nd operation of reducing them to exact dimensions, the chiseller has to be extremely careful, use specially prepared chisels, and proceed with great attention and caution, so that by a hard or harsh hit he does not remove a large chip, and make the block unfit for use. These careful processes of dressing, specially in cutting moulds and chamfers, increase enormously the cost. Nearly all the arches are foliated. To get the foliations and moulds, the blocks have to be got much bigger than, sometimes twice as big as, the final dimensions require. The ordinary semicircular and segmental arches in the same stone are worked out at the usual Mysore rates of Rs. 3, *vide* item No. 4 of estimate No. 18.

Again the joints in these arches are only one-eighth of an inch thick. In pillars and other ornamental parts, the surfaces of which are polished, the joints are finished to even one-sixteenth of an inch. In arches for bridges the joints are generally half inch thick. The close fit and joints require every stone being fitted twice or thrice outside in sheds, before they are placed in the structure. Fitting outside requires level platforms being made of stones, evenly dressed to the fineness of three threads, and constant checking. These minor operations also considerably add to the rates. When the design requires slabs of 5 inches to 6 inches thickness, for brackets and spandril polished arches of balconies, this thickness in the porphyries has to be obtained from blocks of 1 foot thick, by careful chiselling. From boulders it is impossible to quarry blocks less in thickness than one foot.

The skew back stones for the concrete domes, every one of which has been cut to different templates with ¼ inch joint, were worked out at Rs. 5 only, *vide* items 22 and 21 in estimates Nos. 4 and 5.

Next stone that is extensively used is the Turuvekere trap. All the small pillars in the north facade and in the balconies of the front facade are 7½ inches by 7½ inches in section. These pillars have also to be prepared from blocks 1 foot by 1 foot in section. Its extreme toughness makes it as costly to work as the extreme hardness of the porphyries. These stones cost Rs. 2-8-0, per cubic foot before they reach the Palace. Therefore the high rates are due to the nature of stones used, the great finish and exactness with reference to fit and joint and the large mouldings cut in them. For elaborate carvings separate rates are allowed, and vary from Rs. 3 to Rs. 6, according to the depth of carving and the difficulty of design. Even here the rates have been kept low.

In the elephant capitals, or the heavy carbels over pillars, in which the most difficult and exquisite carvings have been done, the rate of Rs. 35 that was started with for one side of about 7 square feet has been kept up, though the quality and design, and grace have very considerably increased, except in a few cases where most elaborate and special scrolls and animal figures were carved. Every fortnight, considerable improvement is observed in the quality of carvings, in finish and effect. The depth of carving in some places is 8 inches.

This is the system followed in fixing rates. When a new kind of work is started, or a new design of carving is taken up, the best and confidential men are told off for the work. They are closely watched, under strict supervision. Time taken for each operation by each party is noted. After completion, the results of the working of each party are compared, and the rates are fixed applying co-efficients ¾ths and ⅞ths to the rates actually worked out, according to the nature of men employed and speed with which they worked, as noted during watching. At the above rate, work is given out on task for a few more. Again the time taken by these men is noted and the rate is finally settled, with modifications, if necessary.

From these observations, the rates of several minor operations have been found out. For every piece of new work now taken up, an estimate is framed and is given out for men. Three of these estimates are enclosed—Enclosure No. 5. Under this system, the average chiseller earns annas 12 a day. There are about 700 chisellers and nearly 650 work on task. Of these, 12 per cent earn Re. 1 or more a day, 38 per cent between annas 12 to Re. 1. The remaining 50 per cent earn below annas 12. There are about 20 men who earn always more than Rs. 1-4-0 a day. The figure carving is mostly done by amani. This work is under development and has not reached the stage of being given out on task.

Only 20 men are available for this work. Their wages range from annas 14 to Rs. 1-8-0. Nearly three-fourths the number are paid over Re. 1. But before September 1900, nearly 70 per cent of 700 chisellers were paid Re. 1. Though the system of work was styled "Task work," it was more of an amani character. By the institution of rigorous task work system, almost with the same number of workmen, twice the progress of work is secured.

No labor nor trouble is spared in finding out where best men are procurable, and securing them. All the best chisellers of Southern India are here, 450 men out of 700 chisellers are from Chidambaram, Trichinopoly and Pudukota, and about 150 are from Dharwar, Belgaum and Kolapur Districts. In point of quality, finish and grace, carvings in stone and wood excel any in Madras Presidency. The latest human figures sculptured are equal to the marvellous figures of the Chalukian style of Belur and Halebid. The deep and graceful carvings in Boribunder stone of Bombay in Victoria Terminus are being copied very successfully. In the Palace carvings, there are at present all the best samples of Chalukian and Dravidian styles, and the latest developments of carvings executed in Kolapur and Bombay works. Should opportunity be given to the Officers of the Palace work to study the best carvings in India, no doubt need be entertained as to their reproduction, with all the "Jayans exuberances of fancy and all that is warmth in the human feelings" in the pannels of pillars and in the recesses and niches of the walls of Durbar Hall, north and south stair cases and Drawing Room of the reconstruction.

In course of four or five years, if the same encouragement is continued, it need not surprise any if statues in marble or any other stone are made as good as the famous Italian statues. A Hindu woman of this style is under carving. With the help of Agra men lately got, the wreaths of flowers will be cut to the fineness and delicacy of pith flowers. The great improvement in an incredibly short time was secured with the help of wonderfully clever moulders in clay from Belgaum and Kolapur; who help by their model the exquisite carvers in stone under strict supervision and instructions. The carvings in wood are the best going. The carving of sandal figures are admittedly the best. Though there are a few good carvers in ivory, by importation of best men, it is contemplated to get best of the ivory works, to take place along with the sandal, in the wooden carved friezes of Durbar Hall, and Drawing Room. The old art of in-laying in wood, has also been taken up. Within two months a great improvement has been made. The best system of shading, apart from the excellence of

burying the wood quite flush, is being studied and experimented. Already success has been attained to a certain degree. To procure best specimens of the above works of art in the interior decorations in these branches of the Fine Art, Rs. 50,000 are provided for in item No. 31 under Miscellaneous Estimate No. 31. Apart from the delightful proportions of the Taj Mahal, the purity of material and exquisite system of inlaying make it a wonderful piece of work. Within a few months the collection of stones fit for building and ornamental purposes has gone up to 30, when the different shades of colors of the stone after polish are taken into account. Very soon with an earnest research many more samples can be added to the list. With steam stone sawing and polishing machinery, the lower parts of the walls and the floor may be covered with the most exquisite, and beautiful designs of dados and pavements in all varieties of color. These Mysore porphyries are very hard. Some of the Agra men lately got, have been employed in sawing the harder samples of porphyry and green quartz stone. With the ordinary iron wire and curunden powder these stones have been sawn to the thinness of one-eighth of an inch. Certainly, machine with the specially tempered steel blade, with the Indian curunden powder or the English chilled sand, must be able to saw much faster than iron wire. The cost of sawing has been found out from the English specification that accompanied the Superintending Engineer's No. 3770 of 1st November 1901, to be 8 annas to 6 square feet. The polishing from the description given in the specification could be done from 10 to 12 annas per square foot. Though fine plane dressing costs 8 to 10 annas not less than Re. 1 is spent before getting at a moderate plane surface in the porphyries of Chamundi or Seringapatam. The rate for polishing is from Rs. 1-8-0 to Rs. 2-4-0. Every polished surface of pillars has cost Rs. 2-8-0 to Rs. 4, whereas, with the machinery, it cannot cost over Rs. 1-4-0.

The amount of estimate for the stone machinery, submitted with this Office No. 224 of 26th December 1901, was roughly Rs. 10,500. Should this amount be considered much and efficacy of the machinery be doubted, one frame sawing machine of smaller dimension, and one spindle polishing carriage machine, need only be obtained at a cost of about Rs. 5,000. The bigger machinery, pendulum polishing machine with the rubbing plates, may be dispensed with at present. Rs. 5,000, against the estimate of nearly Rs. 25,00,000 mean only ·2 per cent. If the machinery works successfully, savings secured will be three to four times its cost, and a new source of revenue will be opened from the wonderfully rich varieties of Mysore stones, with a great prospect, perhaps as good as its gold and electric power.

The expenditure up to date on works is Rs. 12,00,804-7-10. The ground floor and more than three-fourths of the first floor have been completed. Over half the quantity of materials required for the second floor has been either prepared or under preparation. Collection of materials for the cupolas in the centre is started. About Rs. 5,00,000 represent the cost of materials that are being dressed and prepared. In brief, excepting materials required for the ornamentation, other materials are under preparation for the portions not built.

A provision of Rs. 25,000 has been made under item No. 32 in the Miscellaneous Estimate No. 31 for construction of tanks proposed in the following extract of Government Proceedings on the suggestion of the Committee that sat to enquire into the cause of fire that destroyed part of the Palace :—

Government Proceedings No. 111 D. C., dated 8th April 1897.

"The most efficient precaution appears to be the construction of special water tanks, which as observed by the Committee, should engage the attention of the Architect, who designs the rebuilding of the Palace. These tanks, in order to be really useful, should of course be automatic in their action."

This reconstruction of three-storied structure, with its majestic polished pillars of porphyries with skilfully carved bases, capitals, and carbels and with panels of scrolls, with towers at the ends and a central cupola of six stories rising to a height of 125 feet finished with gold gilt and cluster of finials, with interior door frames and other decorations in elaborately finished carvings in stone, wood, sandal, ivory and silver, with good painting with artistic statues of stone in its niches, with highly polished dados, and pavements of stone in various colors, must form one of the best buildings in India, a specimen work of art, and unique in its kind.

No. 380-1—1987-8, DATED BANGALORE, 7TH APRIL 1902.

ORDER THEREON.—Government are pleased to sanction the estimate of Rs. 24,92,992 (including Rs. 1,00,000 for electric lighting), submitted with the above, for the reconstruction of the Palace for His Highness the Maharaja at Mysore.

Proceedings of the Government of Mysore,

No. 541-50—S., DATED BANGALORE, 7TH APRIL 1902.

ORDER.—A question having been submitted to Government as to whether a certain gold mining company in Mysore possessed the right to cultivate the lands leased to them for mining purposes, the Government observe that the lessees of gold mining blocks have no right to cultivate the lands. The rights demised to lessees are specifically laid down in each lease and do not include the right of cultivation. In the form of lease prescribed under Notification No. 46-M, dated 13th October 1897, the Deputy Commissioners have been given a discretionary power to permit cultivation on mining blocks by lessees, but it is deemed inexpedient to allow cultivation on mining lands even at the discretion of the Deputy Commissioner. The Government are accordingly pleased to direct that the Deputy Commissioners will not grant permission to the lessees for cultivation of lands leased for mining purposes.

17	557-S.	11	Secy. to Govt., Gen. & Rev. Depts.	Stating with reference to Government Proceedings No. 16290-5—G. F. 10-95, dated 4th April 1902, that Dr. Smeeth will be glad to furnish expert opinion on applications for patents in connection with mining and metallurgy and, if necessary, on matters involving applications of physical science generally.
18	558-S.	11	Comptroller ..	Directing: (1) that until the pay of Mr. E. W. Wetherell, 2nd State Geologist and *ex-officio* Assistant Secretary to Government, Geological Department, comes up by increments according to the terms of para 3 of Government Proceedings No. 120-G., dated 5—25th October 1900, to Rs. 700 per mensem, he may be allowed to draw a salary of Rs. 700 a month with effect from 1st March 1902, and (2) that the pay of Mr. B. Subba Rao, Registrar, Geological Department, be raised to Rs. 250 a month, with effect from 1st March 1902.
19	559-S.	11	Mr. E. W. Wetherell, A.R.C.S., F.G.S.	Forwarding extracts from the above for information.
20	560-S.	11	Mr. B. Subba Rao, B.A.	
21	562-S.	14	Dt. Magte., Bangalore.	Requesting to be informed, with reference to his letter No. J. 1135, dated 7th April 1902, if the issue of permits for the sale of explosives in fairs and festivals by licensed dealers is in any way necessary or convenient; and whether there is any objection to the grant of such permits and whether explosives are at any time sold in fairs and festivals in his district.
22	563-S.	14	Chief Engineer ..	Informing him that the Kempinkote Gold Mine (Hassan District) has been practically abandoned and that there is no prospect of work being resumed there.
23	564-S.	14	Dy. Comr., Mysore ..	Forwarding, with certain observations, a petition from Munshi Mahomed Ali, contractor, Bowringpet, complaining of interruptions to the collection of corundum in certain kavals in the Hunsur Taluk.

				perties held under leases in the State of Mysore and the dates of the grant and expiry of such leases.
25	566-S.	17	Comptroller ...	Forwarding a notice from the Secretary, New Kempinkote Gold Field, Ld., making a further call of 3d. per share on the 49,583 shares in the Company held by the Government of Mysore and the Palace; and requesting that arrangements may be made for the payment of the same, the amount being debited proportionately to the Government and to the Palace according to the number of shares held by each.
26	567-S.	21	Do ...	Acknowledging receipt of the gold sale accounts and Refiners' statements of certain gold mining Companies in Mysore, forwarded with his No. 104, dated 15th April 1902.
27	568-S.	23	First Asst. to the Hon'ble the Resdt.	Explaining a certain discrepancy observed by him in the Explosives License No. 1 of 1902, granted by the District Magistrate of Bangalore to Messrs. Parry & Co., Carbonite Syndicate, Limited, Bangalore, and recommending the grant of the license applied for by Messrs. Parry & Co., to export with other things 35,000 detonators from Madras to Bangalore, as that amount of explosive is well within the maximum permitted under the Explosives Rules.
28	569-S.	23	Dt. Magte., Bangalore.	Observing that the Explosive License No. 1 of 1902, granted by him to Messrs. Parry & Co., Carbonite Syndicate, Limited, Bangalore, includes 50,800 detonators of treble strength and 26,000 detonators of sextuple strength, which two classes of explosives together exceed the limit of 60 lbs. which could be licensed by District Magistrates under Rule 15 of the Mysore Explosives Rules and calling for an explanation as to why the 26,000 sextuple detonators were included, while Messrs. Parry & Co's. application was only for 50,800 detonators of treble strength.
29	570-S.	23	Comptroller ..	Sanctioning the payment, as a special concession, out of State Funds, to Mr. H. K. Slater, Assistant Geologist, of the sum of Rs. 777-4-0 on account of travelling charges and College fees in Europe incurred by him in excess of the Rs. 1,000 sanctioned in Government Proceedings No. 167-8 G.—F. 139, dated 18th December 1900.
